Power Subsidy Hinted in Talk By Haig-Brown

Cites Figures to Show Low Rate for Big Users

Are the B.C. Power Commission's ordinary customers and all the people of British Columbia being asked to subsidize big power users by sacrificing rights in Strathcona Park?

This question was raised yesterday, during the afternoon session of the public hearings on the commission's application to dam Buttle Lake, by Roderick L. Haig-Brown, well-known writer, appearing on behalf of the Wilderness Society of America.

See other story on Page 11

From the commission's annual report dated March 31, 1950, Mr. Haig-Brown said it appeared that ordinary residential and commercial users pay some three cents a kilowatt-hour for power.

EXTRA-SPECIAL PRICE

"But there is another, vaguely listed as 'special contracts,' which took a good many million kilowatt-hours at the extra-special price of 4.2 mills per kilowatt-hour, or something considerably less than one-sixth of the rate paid by the ordinary user," he said. "Further, it seems that these special people used 30 per cent or more of the John Hart power during the year 1949-50, while contributing only 5 per cent of the revenue.

"No doubt this is very right and proper, exactly as it should be, exactly the purpose for which the power commission was created by a government properly solicitous of the needs of the special contractors," he continued.

ADDED SUBSIDY

"But a layman may be forgiven for wondering if the ordinary consumer isn't subsidizing these special people every time he pays his light bill," he said. "And now, on top of his monthly generosity, this same ordinary customer, together with all the people of British Columbia, is being asked to subsidize the special contractors by sacrificing his rights in Strathcona Park."

Mr. Haig-Brown said that if storage of water for 56,000 horsepower at one site rather than another is going to make any difference to Vancouver Island's industrial future, this kind of future should be forgotten for "something worthwhile."

NO EFFECT

"I am quite sure the additional subsidy that the ruin of Strathcona Park would represent will not have the slightest effect in bringing business to Vancouver Island or keeping it away," he went on. "Nor do I think that companies as reputable as those sharing the 'special contracts' would care to be associated with a subsidy growing out of the ruin of Strathcona Park."

Mr. Haig-Brown said he had dealt reluctantly with "this maze of facts and figures" which really obscure this essential issue:

"Can the full hydro-electric potential of the Campbell watershed be realized without destroying Strathcona Park, an asset of far greater value?"

OBVIOUSLY, YES

"The answer obviously is 'yes, it can,'" he declared. "There are not one but two or three alternative ways of storing the full yield of the watershed in such a way that a maximum regulated flow is available for the John Hart turbines.

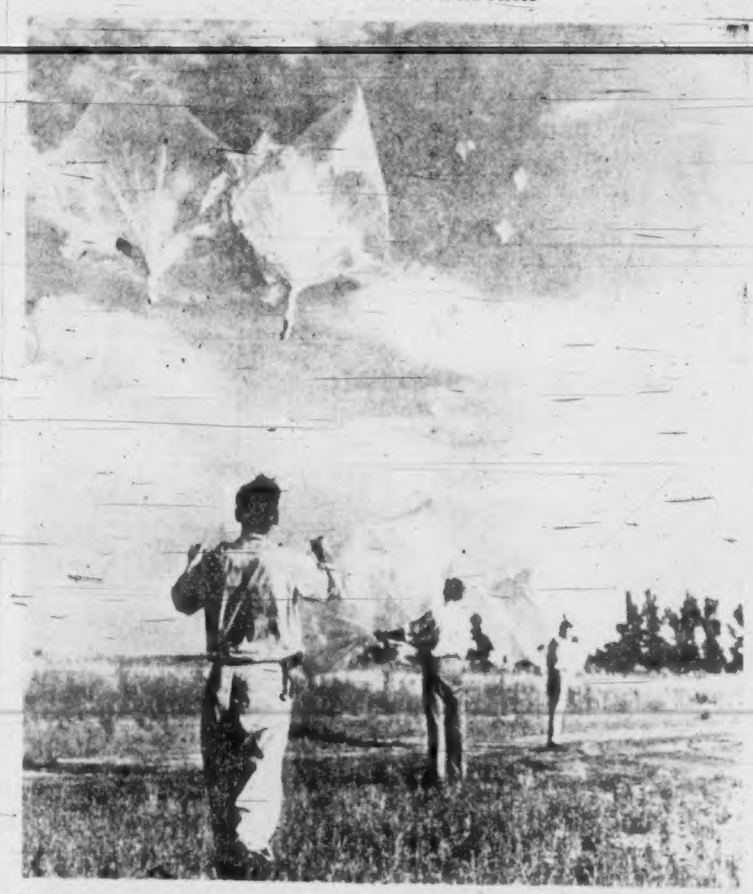
"The alternative proposals ensure at least the same water storage and a greater power potential and at the same time they preserve a $50,000,000 asset from destruction," he declared. "The choice is between power, plus destruction, or more power, plus recreation."

MAY BE IMPROVED

Upper Campbell Lake may well be improved by damming, from an elementary recreational standpoint, he said.

"It certainly cannot be harmed as Buttle will be, because it has not the same scenic magnificence, nor has it the primeval and park values of Buttle."

Balloons Cross Curtain



Experimental plastic balloons are shown being tested at Minneapolis before being released in Europe to drift over Iron Curtain with leaflets. Balloons Monday night were sent wafting into Czechoslovakia to carry 2,000,000 messages of friendship. Some of them were designed to explode at 30,000 feet, scattering pamphlets which read: "A new wind is blowing. The free world is thinking of you daily and keeps contact with you." The project is sponsored by the American Crusade for Freedom.—(AP wirephoto.)

Aldermen Warned Against Reduction

Claims Small Council Would Impede Progress

City manager C. C. Wyatt yesterday advised city council against reducing its own size at this time.

Council received and filed his recommendations without discussion.

Citizens would be ill-advised to reduce the council now, Mr. Wyatt said in his report.

He said he based his conclusion on serious thought to increasing demands for services resulting from the city's growth and on Victoria's special need for interest in the Greater Victoria area.

TWO WAYS

Mr. Wyatt said that council's size could be reduced in two ways:

1. After a petition signed by a fifth of all city voters, council could place the issue before the voters as a referendum vote.

2. Council could begin such a referendum on its own initiative.

The city manager's report said that there is no proper or minimum adequate standard of representation for city councils.

He said that councils across Canada vary in numbers between five to 99 members.

BRIEF HISTORY

Mr. Wyatt's report gave a brief history of municipal government and indicated that there may have been a popular misconception concerning appointment of a municipal manager for Victoria.

"One often reads that appointment of a manager is a means of reducing the number of elected representatives. But it must be remembered that elected representatives of the past may have included both policy and administrative groups."

Council-manager administration originated in the United States during the time when election methods were modified to provide for election to council only. Administrative appointments were then made by council rather than by public election, his report said.

POWERS VESTED

Administrative matters previously dealt with by council or its committees have been kept to a minimum, the report continued, and all powers that could be delegated under the Municipal Act are now vested with the city manager.

"Due to our love of democratic ways of life it is difficult to draw exact lines between policy making and policy execution," he said.

In outlining aldermanic procedures, the report stated that in six months of 1951 attendance of aldermen in council and in committee totaled 225 hours, or an average of more than 8½ hours a week. The total does not include attendance at special committees or outside boards, he reported.

The report concluded by outlining committee procedures, cost of representation, and a reminder that too few aldermen might be an impediment to local government.

ONE-FIFTH MILL

Concerning costs, the report showed that the total amount paid 10 aldermen in Victoria, based on 1951 taxable assessment, is equivalent to slightly more than one-fifth of a mill. The cost to citizens for each alderman is one-fifteth of a mill.

"Every consideration must be given that the council shall not be so few in number that absence could impede the normal progress in municipal affairs. It must be insured that the council is composed of sufficient members as to adequately represent views of the electorate, so as to avoid placing the control of all policy-making in the hands of too few, a circumstance which could very well result as an obstruction to the welfare of the community."

Meeting Adjourns

MUNSAN, Korea, Aug. 15 (Wednesday) (AP)—The 25th cease-fire meeting at Kaesong adjourned today after one hour and 48 minutes with no indication of a break in the tense deadlock on a buffer zone.

The allied and Communist negotiators agreed to meet again tomorrow at 1 p.m. (11 P.M., EDT, Wednesday).

The comparative brevity of today's session was taken to mean the prolonged deadlock on a military dividing line continues. However, as usual, there was no immediate official announcement as to results of the session.

Britain Refuses to Join In Red Trade Blockade

LONDON, Aug. 14 (AP)—Britain, having concluded a big timber deal with Russia, is planning to affirm tomorrow that she has no intention of joining in any sort of economic blockade against the Soviet Union.

Qualified sources said Britain is starting talks for the purchase of nearly 1,000,000 tons of Soviet coarse grains.

Sir Hartley Shawcross, president of the board of trade, is expected to make clear in a statement that Britain believes East-West trade is a two-way street from which the West derives large quantities of essential and irreplaceable commodities.

Russia recently promised to deliver $28,000,000 worth of timber with an option of supplying a further $14,000,000 worth within a stated period which was not disclosed.

NEW CONTRACT

The informants said Britain now is hoping to sign a new contract under which the Russians will supply anything up to 1,000,000 tons of coarse grains—corn, barley and oats—by mid-1952. The Soviets in the last year have delivered 750,000 tons of coarse grains valued at around $42,000,000.

The British government has concluded that this sort of trading with the Russians is indispensable. A cutdown of all trading with the Soviets and their friends likely would harm Britain at least as much as it would affect the Reds, the sources argued.

Shawcross doubtless will make it plain Britain does not intend to allow any kind of war-potential goods to go eastwards.

Britain working closely with the U.S., has embargoed the export of a wide range of goods and materials to Russia and its friends.

Commission Considering Police Reports

Closed meetings are being held by Victoria police commission to consider reports on the traffic department, Mayor Percy George said yesterday.

The meetings are expected to continue until reports have been received from Chief John Blackstock, his deputy, two inspectors and traffic section head, Sgt. Brooke Douglass.

Closed meetings were ordered by a majority vote of the board, which includes commissioners Brent Murdoch and James Neely.

City to Lead Fight Against Phone Boost

Victoria will oppose a B.C. Telephone Co. application for a rate increase.

City council decided yesterday to continue plans for a protest despite abandonment of plans by the Union of B.C. Municipalities for a joint brief from its members. Only 16 of 57 municipalities said they would give full support to the brief, according to U.B.C.M. secretary R. R. F. Sewell.

Victoria will seek support of all Vancouver Island municipalities and mainland U.B.C.M. members which supported the joint brief plan.

ASK FUNDS

The city will ask those municipalities to contribute one cent per capita to finance a brief to be prepared by Stevenson and Kellogg Ltd.

City solicitor A. J. Patton told the council that a city brief in co-operation with the provincial government would cost $5,000 to cover the whole application.

It would be sufficient for the city to contest only its own stand, but to do that it would require evidence from outside the province, he said.

START APPROVED

"We shouldn't take this lying down," said Ald. William Pinfold. He moved and Ald Waldo Skillings seconded a motion authorizing use of $500 to start work on the brief.

It was indicated that should the city fail to receive support of other municipalities, it would contest the rate application along with the provincial government.

The Board of Transport Commissioners is scheduled to hold a public hearing in Victoria Oct. 4 on the application.

City to Hear Chamber Brief

Finance committee of City Council will meet with directors of the Chamber of Commerce to hear full details on the chamber's brief on freight rates affecting Victoria.

Council decided on the meeting after hearing a letter from the chamber seeking city support of its work.

Guard Killed, Lifer Escapes

CHICAGO, Aug. 14 (AP)—A prisoner under death sentence slugged and killed a guard at the Cook county jail tonight and escaped over the wall with a shotgun.

Policeman spotted the escaped prisoner, Harry Williams, 25, year-old negro, a mile away from the jail and fired at him but he escaped.

Warden Philip Scanlon said Williams escaped from the death row section of the jail by removing a plate from the top of his cell, ran across the roof to the guard tower, slugged Guard George Turley, 43, and dropped over the wall.

The warden said another prisoner under death sentence, Raymond Jenko, 20, was seized in Williams' cell.

The warden said the two were together in the escape plot, but that Jenko remained in the cell.

City Police Seek Boy Fleeing Home

A 15-year-old fugitive from the Coldharbour Road juvenile detention home was being sought by police in the Greater Victoria area early this morning.

The youth, under detention in connection with the entering of the Gorgeway Grocery early Monday morning, escaped from the home through a back window at 9.30 p.m. last night, it was reported.

Detention home superintendent Col. W. S. Dingley and city police refused comment on the escape.

He is described as wearing detention home uniform — black shirt, grey pants and red slippers. He wears horn-rimmed glasses, is husky and heavily built and looks about 19 years of age.

No trace of him was found hours after he broke out of the home, near the Fort Street-Oak Bay Avenue junction.

London Jarred by News India to Shun Meetings

LONDON, Aug. 14 (Reuters)—A report that India will shun the Japanese peace treaty conference at San Francisco next month and perhaps sign a separate treaty with Japan caused more concern in London tonight than the prospect of Russian intervention in the meeting.

The report came from a spokesman for the Indian mission at Tokyo. He said Russia's surprise decision to join the conference won't alter India's resolve to stay away.

He said that he expects India will conclude a separate treaty with Japan, to be signed as soon as possible after the San Francisco conference. An official announcement from New Delhi was expected soon.

No official comment was available in New Delhi. Authoritative sources there said India will make its decision on the San Francisco meeting once the revised treaty draft is available.

Faith in the effectiveness of the proposed treaty has been shaken here by the hostility shown toward it by non-Communist Asian countries. London observers said the Asiatic attitude will be more telling than Russian attendance, presumably with the intention of challenging the American-sponsored draft.

Burma and the Philippines already are openly antagonistic to the draft treaty because of its failure to provide reparations. Indonesia's attitude is unknown.

Of 52 countries invited to San Francisco, 25 have accepted. The treaty would end the state of war with Japan, which surrendered six years ago tomorrow. The conference is scheduled Sept. 4 to 8.

Thursday the U.S. and Britain will publish a revised version of the draft with amendments to meet some of the objections.

But even these concessions are unlikely to win whole-hearted support for the treaty. Russia seemed sure to take advantage of the dissatisfaction.

Women Oppose Price Increase

VANCOUVER, Aug. 14 (CP)—Organized Vancouver women are bitterly opposed to a proposed jump in the price of milk.

"The milk board has listened to the needs of the producers and distributors," Mrs. Norman R. Porter, president of the Local Council of Women, said tonight.

"It is time it paid attention to the consumer."

Fraser Valley farmers are seeking a boost of nearly 40 per cent in fluid milk prices.

To Notify Czech Government

House Votes Trade Ban In Move to Free Oatis

WASHINGTON, Aug. 14 (AP)—The House of Representatives voted today in favor of breaking off trade relations with Czechoslovakia as long as AP correspondent William Oatis remains in a Czech jail.

House members denounced Oatis' conviction on espionage charges as "a shocking violation of the fundamental human freedoms guaranteed in the United Nations charter." Oatis was sentenced to 10 years.

The House action came in approval of a resolution by Rep. John Beamer, Republican, whose district includes Oatis' home town of Marion, Ind.

The House asked that the sense of the resolution be conveyed to the United Nations and to the Czechoslovak government.

The resolution expressed "the sense of the House that all commercial relations with Czechoslovakia should be terminated immediately, and should be resumed only if and when the government of Czechoslovakia restores to William N. Oatis his freedom."

The resolution now goes to the Senate for action. While it would place Congress on record as favoring this move against the Red Czech government, its final approval would not be binding on the administration to break trade relations.

It was passed by a vote of 326 to 1.

George Drew To Visit Here

Col. George Drew, national leader of the federal Progressive Conservative party, will visit Victoria October 19.

A meeting of all delegates from the district Progressive Conservative Association will be held at the Yates Street headquarters on September 24 to make final arrangements for his visit.

The headquarters, newly opened, will be available for all Conservative organizations in the district.

Barnstorming Evangelist Impressive Orator

Local "divine healer" Reginald Mills thoughtfully listens to thunderous oratory of American evangelist Rev. A. C. Valdez, Jr., at the first meeting of the "great healing campaign" here last night. "The magnetic personality is very impressive," said Mr. Mills.

In a burst of dramatic fervor, barnstorming evangelist tells a rapt audience how he was given power to heal the sick two years ago. Several deaf persons claimed cures last night.—(Colonist photos by Jim Ryan.) (See story Page 5.)

May Be Mass-Produced

Atom Ray-Proof Suit Perfected in Britain

LONDON, Aug. 14 (NANA-KEMNEWS)—An anti-atom ray protective suit, which may eventually be mass produced and issued to every man, woman and child in the event of a national emergency, has been perfected by the Harwell "back-room boys."

The suit, made of a composite plastic material, and sprayed with minute lead crystals, has been designed to counteract the Gamma and Beta rays given off by the atomic bombs. Similar in appearance to a diver's suit, it can be folded and carried in a lady's handbag.

Though the suit has not been tested in the area of an atomic explosion, experts predict that it will render the wearer invulnerable to killer rays outside of 1,000 yards from the actual site of the explosion.

The new suit covers the head and body, and has a small breathing apparatus attached, filled with a filter to prevent atomic dust particles from reaching the lungs.

Protective clothing which has been worn by investigators of the U.S. Atomic Energy Commission, after recent atomic tests in America, has been proof against Gamma and Beta rays three-quarters of an hour after the actual explosion.

One Man Dies In Rail Smash

PORT ALBERNI, Aug. 14.—One man is dead as a result of an E. & N. freight train collision with a section rail car, Tuesday, near Stokes Siding, 12 miles from Alberni.

The man is reported to have been riding the rail-car. He was hurled into the air and on to the right-of-way and is believed to have died instantly.

It is believed that the man did not know the freight train was running late.

Name of the victim is being withheld by the R.C.M.P. pending notification of next-of-kin.

The body is at Sevens Funeral Home, here.

An inquest will be held, probably Wednesday night. A coroner's jury viewed the body Tuesday night.

ALL ABOARD

By G. E. Mortimore

Mayor Ralph Morisette of Ogdensburg, New York, is gunning for the press.

He told reporter Charles Saunders of the Ogdensburg Journal to stay out of City Hall or risk having his nose dented by the mayoral fist.

Fred Eaton, the fearless city editor, was not even slightly alarmed.

[illegible] you in the nose, we'll take him to court."

City editors certainly are a courageous lot. They will fight to the last reporter.

In this case nothing happened. The mayor was out. But in the meantime His Worship had been as busy as a little beaver framing a law which required all newspaper reporters to take a mental test before they were hired.

His council dismissed the proposal with a tolerant sneer.

The mayor was lucky. If his law had passed, it might have been followed by another law requiring mayors to take an intelligence test. Then Mr. Morisette might have found himself without a job.

I'm in no position to gauge the I.Q.'s of mayors. In Victoria we seem to have a smart mayor who is also courteous to everyone, even newspapermen and garbage collectors. As far as I remember, he has never offered to bend anyone's nose out of shape.

But a system of exams for the people's representatives at any level sounds rather dangerous. If enforced too suddenly, it might leave us without a government.

One can imagine solons comparing notes like nervous students. The scratching of pens and the nibbling of termites in the halls of government would be interrupted by stage whispers as one asked another how many angles there were in a triangle and what was the shortest route from A to B.

The talk in smoke-filled back rooms would veer from political haggling to arithmetical progressions and simple algebra.

In many cases, however, tests for the voters might be more to the point than tests for the people they elect. The citizens of Ogdensburg who put Mayor Morisette in office might well have their heads examined.

Intelligence tests for everyone might turn our society upside down. What would happen if office boys proved to be sharper-witted than big executives, and janitors more astute than demon salesmen.

When they turn the psychologists loose on everyone, you can say goodbye to me. I'll be down on some vacant lot, digging post-holes.

* * *

Sean O'Banshee, president of the Victoria branch of the Supernatural Research Society, reports a "peculiar sprinkling" which took place near his home yesterday.

"Suddenly I found water coming down on my face," he said. "It was uncanny. All natural explanations were ruled out. None of the neighbors had their garden hoses on. No washing was dripping on the line. Perhaps someone can offer a reasonable explanation."

Luckily, sir, we are in a position to tell you. What you observed was a rare phenomenon known as "rain." It generally occurs in conjunction with a discoloration of the sky known as "cloud."

There is no cause for alarm. "Rain" is quite harmless, although it can sometimes cause discomfort.

Last Rites for Liquor Commissioner

Hosts of friends, including many public figures, attended funeral yesterday of late Liquor Commissioner W. F. Kennedy. —Pallbearers are shown leaving funeral chapel while Mayor Percy George and other prominent Victorians stand by.—(Colonist photo by Jim Ryan.)

Rites for W. F. Kennedy Attended by About 400

About 400 close friends and associates gathered yesterday afternoon to pay final respects to Liquor Commissioner W. F. Kennedy, 63, who died Friday in the Royal Jubilee Hospital.

A floral tribute was received, larger than any since services were held for former British Columbia Premier S. F. Tolmie early in the 1930's.

The full Masonic service was conducted by Worshipful Master, Mayor Percy E. George, and Rev. F. W. McKinnon, former pastor of the Douglas Baptist Church, who gave the personal address.

Long before the start of the service at 3 p.m., Hayward's Funeral Chapel had filled. An overflow crowd assembled in the garden to hear the service over a public address system.

The altar was smothered under hundreds of floral wreaths. Organ music was played by Oliver Stout.

A host of provincial government and civic officials attended the service. They included: Harry Pooley, former attorney-general; T. D. Pattullo, former premier of British Columbia; Attorney-General Gordon Wismer; many members of the provincial cabinet, and members of the city council.

The service was held under auspices of St. Andrew's Lodge, No. 49, A.F. & A.M.

Pallbearers were: H. G. Crumplin, A. M. McKay, W. Bruce, J. McKim, C. B. McIntosh and J. G. Gibson.

Interment was at Royal Oak Burial Park.

Mr. Kennedy, 63, was a native of Wahoo, Neb. He came to British Columbia in 1901, and had lived in Victoria since 1930.

He was M.L.A. for North Okanagan from 1927 to 1930, prior to his Liquor Control Board appointment.

Seeking Women For Air Force

OTTAWA, Aug. 14 (CP).—The R.C.A.F. today announced plans to recruit 2,000 girls for the reserve air force and said recruiting will begin Sept. 1.

Recruiting of women for the regular air force began last June and 100 recently arrived at St. Johns, Que., manning depot for training.

The 2,000 reservists will be enlisted to work with reserve fighter squadrons, radar and medical units and at reserve headquarters.

Recruits must be between 18 and 29, meet R.C.A.F. medical standards and have a minimum of Grade X education for airwomen and senior matriculation for officers.

Heaviest Rain of Year Too Late for Farmers

WINNIPEG, Aug. 14 (CP) — The heaviest downpour of the year — too late for many Manitoba grain crops — today dumped more than 1½ inches of rain on the Winnipeg area in a six-hour period.

The rain was quite general throughout southern Manitoba but not nearly so heavy west of Winnipeg, which showed the greatest precipitation.

Half of Winnipeg's rain fell in 30 minutes.

"It will help some late grain crops and pastures," said Agriculture Minister F. C. Bell. "But it won't do any good where farmers are ready to harvest and grain already is in swath."

He indicated the rain probably came too late for the Brandon area, which has experienced one of its driest crop years. Brandon recorded .77 inches of rain, Dauphin .47, Rivers .16, Gimli .10 and Yorkton .15.

African Line Sold to Israel

DAR-ES-SALAAM, Tanganyika, Aug. 14 (CP).—The British Overseas Food Corporation's mile-long pipeline running from Matwara to Nichingwea in South Tanganyika has been sold to Israel for £250,000, it was disclosed today.

The Israel government will dismantle the pipeline which originally cost about $400,000.

Well Drilling Hits New High

REGINA, Aug. 14 (CP).—The total number of exploratory oil wells being drilled in Saskatchewan climbed to a new high of 19 in the week ended Aug. 11. This is four more than the previous record.

The figures were contained in a Bureau of Publications press release today.

VOLCANIC DEATH

Volcanic eruptions on Martinique Island in the British West Indies killed 26,000 persons in 1902.

FAMOUS WRITER

Sigrid Undset, Norwegian novelist who won the Nobel Prize for literature in 1928, began her career as a clerk.

Gracie Fields, popular British entertainer, entered the theatre when she was only seven years old.

Criticism of Royal Tour Schedule Voiced From Three Cities on Route

WINNIPEG, Aug. 14 (CP).—The tentative itinerary of Winnipeg's welcome Oct. 9 for Princess Elizabeth and the Duke of Edinburgh appeared today to have caused an open rift in the committee planning the welcome.

Both [illegible] officials agreed the tentative program was not to their liking. But they claimed they had no choice in the matter.

Hon. R. F. McWilliams, Lieutenant-Governor of Manitoba, is chairman of the provincial welcome committee.

Main complaint of the dissenting members, who claimed they failed to convince the chairman with their arguments, was that insufficient time was given for the ordinary citizens to see the Royal couple.

"Some of us are dissatisfied with the present plans and if they are not changed, then certainly the wishes of the Princess and Duke are not being adhered to," one committee member said.

The itinerary, already submitted to Ottawa for approval, is reported to give nearly eight hours of their 10½-hour stay to formal affairs, including a lengthy state dinner.

MOOSE JAW PROTESTS

Moose Jaw city council has asked Ottawa to change the plans of the royal visit Oct. 10.

Councillors said the original plan, to have them spend half an hour at the railway station, would not give children and other resident a good chance to see them.

A protest against exclusion of New Westminster and Burnaby from the royal itinerary has been sent to Ottawa by Tom Goode, member of parliament for Burnaby-Richmond.

Mr. Goode has charged that New Westminster and Burnaby have been slighted "at the pleasure of authorities in Vancouver."

BOXLA GAME

In Vancouver Princess Elizabeth and Prince Philip may attend a box lacrosse match.

City council's tentative plans call for them to see the match Oct. 13, which would be declared a civic holiday.

Tentative itinerary:

Arrival in Vancouver 10 a.m., Oct. 13; tour to City Hall to meet mayor and aldermen and their wives; to cenotaph to lay a wreath; civic luncheon at Hotel Vancouver 12.30 p.m. In the afternoon visits to Stanley Park, Shaughnessy Military Hospital and the Canadian Institute for the Blind; 8.30 p.m., lacrosse game.

On Sunday they would attend Christ Church Cathedral and then board H.M.C.S. Crusader for the trip to Victoria.

Protection Set for Tour Most Extensive Since 1939

OTTAWA, Aug. 14 (CP).—Security arrangements for the protection of Princess Elizabeth and Prince Philip on their Oct. Canadian tour will be the most extensive since the Royal visit of 1939.

The R.C.M.P. will guard the Royal couple from coast to coast, and it is expected also a special protective detail of Scotland Yard men will remain with them through the tour.

At each stop, there will be additional Mounties and these will be reinforced by Provincial and Municipal police.

Sociable Tot in Play Pen

Princess Anne Reaches Age of One Year Today

LONDON, Aug. 14 (AP).—Princess Anne Elizabeth Alice Louise, who will be one year old tomorrow, is a sociable little girl surrounde by a play pen.

She is the daughter of Princess Elizabeth and the Duke of Edinburgh, and that makes her third in succession to the throne.

But of far more concern than what the future may hold for her is the matter of another tooth which may be at the point of making an appearance. At any rate, there is an itching. A survey on the eve of her birthday established a total of six teeth.

Other data: Blue eyes. Soft and curly hair. Happy disposition. Good health.

It appears likely she will grow up to be a blonde.

She is at the beginning of the crawling stage.

SHIELD CHILDREN

Princess Elizabeth and the Duke of Edinburgh are doing what little they can to shield their children from the excitements of royal life. They insist that the princess and Prince Charles, nearly three now and No. 2 in royal succession, should live as normal infants.

Mostly, Princess Anne wears clothing Prince Charles has outgrown.

[illegible] squawks, and next in the princess' heart is a teddy bear named Brumas.

The children share a nursery where the bosses are two Scottish nannies. Charles is proud of Anne, drags in visitors and commands them to admire her.

A birthday party? Princess Elizabeth thinks her children are too young to care for one.

OLDEN GAME . . .

The British game cricket dates back farther than the year 1300 when it was called "creage" and played with a bent bat.

Rebellion In Prison Collapses

POINT OF THE MOUNTAIN, Utah, Aug. 14 (AP).—A rebellion at the multi-million-dollar Utah state prison ended suddenly late today when convicts abandoned a series of demands and released, unhurt, two hostages—Acting Warden Weston K. Haslam and Guard Edward A. Schmidt.

A few minutes later fire broke out in an old frame barracks in one corner of the prison grounds.

Prisoners had held Haslam and Schmidt captives to enforce demands for alleviation of claimed grievances.

The uprising was the third since May and drew 150 heavily-armed officers from many parts of Utah. It collapsed soon after Joseph E. Dudler, state highway patrol chief and acting warden during the 7½-hour disturbance, conferred with the convicts.

Haslam said after his release:

"We made no promises except that we will give them a hearing again."

The inmates had requested the hearings, less "agitation" by guards, no reprisals for today's riot and full assurance of these demands in writing.

Working Newspaper Man Almost to Last

Death of William Randolph Hearst Ends Spectacular Publishing Career

BEVERLY HILLS, Calif., Aug. 14 (AP).—William Randolph Hearst, 88-year-old patriarch of publishing, died today in his Beverly Hills mansion after a series of strokes.

The controversial "chief" of the vast newspaper and magazine empire had been a working newspaper man almost to the last.

Although reduced to near invalidism in recent years, he still actively directed the editorial policy of the Hearst newspapers until he went into a coma Monday.

At the bedside when the end came were the five Hearst sons, William Randolph, Jr., George, John, David and Randolph.

MINING FORTUNE

Hearst, armed with his father's $25,000,000 mining fortune, entered the newspaper business when he was 23. He soon became—and stayed—the most spectacular publisher of the modern era in journalism.

Dr. Myron Prinzmetal, his physician, said Hearst enjoyed "robust health" until four years ago.

Although Hearst spent much of his time in a wheel-chair, he still gave the orders to his editors.

The big question—who will run the publishing empire now?—was partially answered in a statement by William Randolph Hearst, Jr., publisher of the New York Journal American. Addressed to the publishers and editors of all Hearst newspapers, it read:

"It is with profound regret that I and my brothers apprise you of the passing of our beloved father, William Randolph Hearst.

"Will you please convey to the readers of the Hearst newspapers our pledge to continue to operate our father's publications as he guided us . . ."

ESTATE $200,000,000

The size of the Hearst estate is not known but at its peak was valued at $200,000,000.

About four years ago, when his health failed, he moved to Beverly Hills from his 240,000-acre ranch at San Simeon. He had lived there as a legendary feudal lord for years.

On the hillsides roamed bison, buffalo, zebra, kangaroos and other animals—a private zoo.

Within the house were such rare art treasures as six Gobelin tapestries, the bed of Cardinal Richelieu, $8,000 vases. A ping-pong table of medieval wood

WILLIAM RANDOLPH HEARST

helped to bring the value of the San Simeon manor house to an estimated $15,000,000.

ONLY CHILD

Hearst was born in San Francisco, an only child. He inherited the vast fortune of his father, George Hearst, a former U.S. senator from California.

He started to revolutionize American journalism with the then rundown San Francisco Examiner in 1887. His red head lines and extravagant use of big, black type pioneered the modern typographical dress of today's newspapers.

Hearst's body will be flown to San Francisco. He will be buried in his native city.

Funeral arrangements are pending.

Hospital Bill Unpaid, Case Said Chronic

CRANBROOK, B.C., Aug. 14 (CP).—British Columbia hospital insurance has refused to pay the last 25 days in hospital of a nine-year-old girl who died of rheumatic fever and tuberculosis, arguing that the case was chronic, the Legislature inquiry board was told here yesterday.

The girl's case was cited by Sister Miriam of Jesus, accountant of St. Eugene Hospital. The doctor had said the case was acute and that hospital care was required.

The bill for 25 days was $235 and the father refuses to pay.

H. F. Welch, Comox-Alberni M.L.A., an inquiry board member, said, "I wish we could make a comment, but I don't think we'd better."

"The operation was a success but the patient died—that seems to be the attitude of Victoria," said Harold Winch.

Earlier the board was told that the hospital insurance system "employs a lot of people who don't know what they are doing" by R. J. Rennie, secretary-manager of the Invermere Hospital.

"There have been cases," he said, "which have been dead for two months and the service has written to know why they are still in hospital."

In Fernie, Dr. George Leroux said that some patients in small British Columbia communities are able to pressure their doctors into sending them to hospital for X-rays when they are actually not ill enough to be there.

He made the statement during an exchange with Harold Winch.

Agents in Top Places, Says Former Red Spy

WASHINGTON, Aug. 14 (AP).—Elizabeth Bentley testified today that Communist agents penetrated the White House, the United States Treasury and even the Office of Strategic Services during the Second World War.

Miss Bentley, who describes herself as a former Red spy, told the senate's internal security sub-committee that for a time after 1943 she directed the agents' attempts to pry out state secrets or lead government departments down the road of Soviet policy.

She testified that she managed to place Duncan Lee, whom she described as a New York lawyer, in the O.S.S. then an elite American espionage group.

She said Lee fed the spy ring information diligently and "was one of our most valuable workers."

Miss Bentley said her organization used the late Harry Dexter White, then undersecretary of the treasury, to push a Russian plan to eliminate Germany's industrial potential for war.

She said the organization's White House operative was Michael Greenberg, an assistant to one of the late President Franklin D. Roosevelt's aides. She said Greenberg was a Communist.

Mason Facing Nine Charges

WASHINGTON, Aug. 14 (AP).—A federal grand jury "threw the book" at Sam Mason today, indicting the one-legged alleged swindler on nine charges of perjury and six of grand larceny. He was accused of raking in $250,000 from persons to whom he promised cheap leases on government property.

The charges of perjury arose out of Mason's testimony June 27 to a senate investigations sub-committee.

If Mason were convicted on all the counts against him and given the maximum punishment, he could be sentenced to 150 years in prison.

Oddities

NIAGARA FALLS, N.Y., Aug. 14 (AP).—A young woman walked into the Red Cross office here during a blood drive.

She gave her name and was whisked away for a physical checkup.

Finally she reached the donor room and saw people on cots.

"Why do I have to go through all these tests to get a pair of shoes for my baby?" she asked.

She had been looking for the home service department.

TROUT CREEK, N.Y., Aug. 14 (AP)—A school house which cost $500 to build in 1899 will be remodeled at a cost of $1,000.

Frank M. Clark of Oneonta, the contractor who built the frame school, recalls he paid two carpenters $1 a day, plus board, and worked them 18 hours a day. They finished the job in 20 days.

How Could He Say "Yes"?

ABOUT six months ago, having failed to put the issue to a referendum at the December elections for the second consecutive year, the city council asked the new city manager for a "report" on whether or not council representation should be reduced in Victoria. Between then and now the council no doubt asked the city manager for a few dozen reports on other subjects, each one with greater priority than the one before, so that it was only yesterday that Mr. Wyatt's report on itself was available to the council. He recommended against any reduction in the city council "at this time." How could any departmental head in his position have done otherwise? What city official would care to tell the mayor and 10 sitting aldermen that any of their number were superfluous?

The report was received with unction and filed without comment, but the issue is far from settled. In the long run it is the electors who will settle the question and in their own fashion. If the council does not of its own accord arrange to put a referendum at the coming polls as to whether or not an 11-man aldermanic board is needed as well as a city manager, the ratepayers will inevitably demand one. The city manager plan was adopted to cure aldermanic puttering. It does not need the services of a mayor and 10 aldermen to decide for instance whether one tree is to be cut on Gonzales Avenue or left standing. A mayor and seven aldermen would have greater incentive to devote themselves to policy, and to leave its execution to the city manager and the civic staff.

Quite half of the effectiveness of the city manager system rests in securing a smaller, more effective and business-like policy-making council. Victoria has only half-implemented that plan if it stops now, with an 11-man council to doodle over Garry oaks and the trivia of routine civic administration. What is a city manager for if not to manage? Also until this chronic habit of council meddling is cured Victoria will have difficulty in finding the calibre of aldermen it should have to conduct its civic business. Two years and six months have been wasted as it is on this self-evident flaw. Will the council put the referendum in December, or must it wait until another petition akin to that of the city managership forces its hand?

He Took Hitler's Place

REPORTS of the "screaming parade of youth" are an indication of the hysterical nature of the Communist Free German Youth Movement, as it is miscalled, that rallied in East Berlin last week-end to hail their Moscow chief. These unfortunate and deluded youths sent greetings to the Russian premier in words that betray the miasma that afflicts them.

Can one imagine Western youth groups sending any leader a message couched in such adulatory terms as this: "Long live our wise teacher and fuehrer, our best friend, the great Stalin"? A sense of balance and humor alone would prevent such extravagance. But these East German youths, caught up in the maelstrom of postwar chaos, have been snared in the Soviet net, propagandized and their pliable minds twisted to suit the Communist purpose.

They spoke more wisely than they knew, however, when they called Stalin their fuehrer, the term they not so long ago reserved for Hitler. There is no essential difference between Hitler and Stalin in so far as tyranny goes. Communism and fascism are similar in their repressions, in their abolition of freedom, and in their callous disregard for human weal.

It is surprising that this self-evident truth does not strike home to those individuals in Western lands who, while not Communists themselves, are strangely bemused by Communist philosophy. They seem unable to grasp the fact that in its rapacity and deceit the Soviet oligarchy is wholly on a par with the Hitler regime the Allies helped Russia to defeat. It is a supreme irony of fate that the outcome of that war should be mainly that Stalin took the place of Hitler. Yet that is so.

A Very Little Conscience

ONE wonders at the type of mind which finds relief in the anonymous payment of one dollar to the Customs' office, supposedly at the behest of a nagging conscience. What kind of a conscience can it be that will go to sleep conveniently for a dollar, wake to find that it feels oppressed, and finally settle the score, perhaps years afterwards, with the whole and undivided sum of one dollar in the lawful currency of Canada? How is the customs official to know if a dollar will cover the presumed defalcation, or even that there had been one? Meanwhile, the suggestion in blank that somebody's conscience is restored for one dollar evokes more questions than it can possible answer.

—Of course in these times when men confess to crimes they have never committed, and sign confessions respecting events which did not in fact take place perhaps anything is possible. It may be worth one dollar to the inward mind to launch a confession, real or imagined, for the relief that is said to bring to the soul. None the less, human nature being what it is, the suspicion will persist that one dollar tended in such cases is only a token form of repentance, a something down on account of an obligation whose principal sum will never be discharged. Where those may be the facts it may only be a very little conscience that can be salved with one dollar, to sleep until the next time.

Readers' Forum

Letters to the editor on any topic of genuine interest are welcome if they are brief, accurate and fair. No letter will be inserted in whole, or in part, except over the proper signature and address of the writer. Unsolicited correspondence cannot be returned.

MRS. GREEN'S STALL

Sir,—Two members of the White Cane Club who have been helped with food from the voluntary service started by Mrs. Barbara Green, want to make known what a boon such a service is, and their gratitude for what must mean quite a bit of work for quite a lot of helpers—the givers, individuals and stores, the sorters, packers, distributors, the car owners and drivers who deliver, and the Boy Scouts who hand the parcels over. From what both recipients told me, much care and thought must have gone into the choice of the food they needed.

This new service in Victoria is democracy as it should be. May it continue and be tried in other centres of similar need.

H. G. WYATT.

2072 Hampshire Road, Victoria, B.C.

ISLAND HIGHWAY

Sir,—I think it is about time the general public, after all they are the ones who are going to pay for it, should know the truth about the proposed new highway which is supposed to do away with the bottle neck, "Death Alley," and goodness knows what on the Island Highway.

Government officials like to create a mystery about this highway, but most folks know that it is to go off Burnside at Admirals to Portage Road, and round the end of the inlet to Helmcken Road. But what the people who don't live in that vicinity don't know is that a terrible lot of money will have to be spent buying up and demolishing about a dozen modern homes in order to make a clearance for this new road, to say nothing of the natural beauty of this district as well as the peace of mind of many retired people who have put their life savings into property there. All this will be destroyed in the making of this highway.

Some of this property is sheer rock and one does not require to be an expert to realize what a ridiculously expensive project it could be. Mr. Anscomb would be well advised to personally check up on this matter before giving his O.K. for the money to be forthcoming. I am a retired surveyor of many years experience and know that the price quoted for this job wouldn't even look at it, especially these days. The latest report is that the road will come out near Parson's Bridge. What a laugh that is because it is from that bridge to Langford that is called "Death Alley," where fatal and other accidents have occurred. . . .

FRANK WHITE.

Island Highway, Victoria, B.C.

KASHMIR

Sir,—In this dispute over Kashmir, Pakistan is entirely in the right, and India entirely in the wrong.

Pakistan is a Muslim state, with a population of about 100,000,000. The population of Kashmir is more than 90 per cent Muslim. Who holds Kashmir has Pakistan at his mercy, as the Pakistanis know full well.

Muslims believe in God and in the Old Testament prophets. People who believe in God will not go Communist. China and India believe in a variety of gods.

Nehru has a pretty shrewd idea that India will follow China into Communism, and he plays his cards accordingly.

English is the state language of Pakistan, and the Pakistanis are our friends who would stand by us in the hour of crisis. Let us stand by them now.

WILLIAM STANLEY SHAW,
(Late 10th Middlesex Regiment.)

2 Hobart Place, Eaton Square, London S.W. 1.

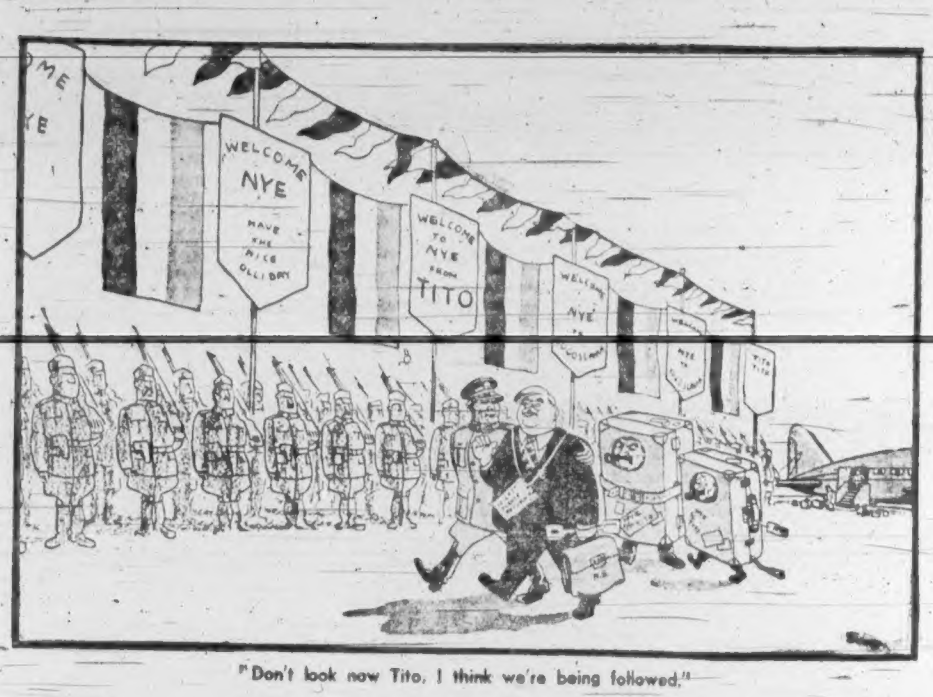
A DISCLAIMER

Sir,—A letter in your Sunday edition of "Readers' Forum" has been brought to my attention as it is in answer to one supposedly written by me. Therefore, I should like it known that my name is Frank Mitchell, not J. Mitchell and that I have never written a letter to the papers on the subject. I believe a personal round table discussion with the different opinions examined is more beneficial to all.

Personally I am not concerned with the oil problems of Alberta, but am most concerned with the timber and mineral resources of British Columbia. I fully agree with Mrs. Howard when she says the natural resources of our fine province are worth five times as much as Alberta's. That is the reason I am fighting, as a C.C.F. candidate, to prevent the sellout of our heritage such as the Coalition Party is doing in British Columbia now.

FRANK MITCHELL.

1303 Lyall Street, Esquimalt, B.C.



"Don't look now Tito, I think we're being followed."

—London Daily Express.

Thinking Aloud

". . . of shoes—and ships—and sealing wax—of cabbages and kings."

By TOM TAYLOR

BEHIND the drydock superintendent's house the ground rises to a mound from which you look down a 30-foot cliff-drop to the rails along which a huge crane travels as easily as though it were a baby carriage instead of a nicely balanced metal monster on wheels.

Raising the head to eye level you see Esquimalt Harbor from one of its best vantage points. It is then you sense the admirable natural arrangement that put this sailorman's sanctuary at the doorstep of Victoria, and wonder perhaps how things might have been with the capital city had its founding fathers chosen to swallow the anchor here rather than in Camosun Channel. Presumably there would be no Esquimalt, not as such at least, and that small municipality would have been relieved of the burden of subsidizing in part a major defense port of Canada.

* * *

It is of course a great natural harbor is Esquimalt, and what would the navy do without it? Not even Vancouver's vaunted Burrard Inlet is more felicitous, as you note as the eye takes in its sheltered spaciousness. Cunningly nature devised the narrow opening at Duntze Head and then bellied out as though aware that some day His Majesty's Canadian Fleet would hide itself round in Constance Cove.

Warships in repose, as when tied to dockyard jetties across the bay from the cliff-top I mentioned, are supine things, with never a hint of the power that gives them life as well as grace as they cut through harbors waters out to sea. As I looked they seemed as immobile as grey pencils and almost as narrow. This was day, but at night they sparkle with strings of light that lend a touch of fairyland to Esquimalt Harbor.

Steaming slowly past the lighthouse that splits the harbor entrance was a squattish freighter heading for the welcome haven of the government drydock, where she would lay herself down commfortably on the blocks so that workmen might attend to what ailed her. She had come, maybe, from Hongkong, or perhaps Down Under, after voyaging thither and yon as such ships do according to their manifests. She was a symbol of man's link with the sea.

* * *

Except to people who live in places like the Canadian prairies, the Russian steppes, or the African jungle, salt water is inherent in the human blood, or at least a familiar tang to the nostrils. They say that Britons, including those who never see their coastline, have the sea in their bones, because, I suppose, no one over there can ever be more than 75 miles away from salt water. This is what gives that island race its kinship with the oceans, which it understands better than most other peoples.

The same should surely be said of Vancouver Islanders, who even in the midst of tall firs are never farther than half that distance from salt water, not counting the inlets that so resemble Norwegian fjords. Someone will tell me, no doubt, that the warships I spoke of are half filled by men from the prairies, nevertheless one cannot grow up on this favored isle without the sea spilling itself into one's veins.

You glimpse, then, what the sea and ships mean to man, and women also of course since if there were no women there would be no men, when you stand as I do at times and let the eye range round the harbor we know as Esquimalt, nature's gift to weary sailormen and landsmen lucky enough to ring its shore line. Yes, and when women stand and wave as ships take their men out from its shelter into the vast oceans beyond, the trinity of men, hulls and salt water that keeps the world afloat, is complete.

Jottings From the United Kingdom

By H. J. J. SARGINT
North American Newspaper Alliance

LONDON.—Aneurin (Nye) Bevan, ex-minister of labor, stormy petrel of British Socialism, and leader of the "one way only" group, is gaining strength.

His group in the House of Commons showed it was not to be trifled with by official Socialism, led by Prime Minister Clement Attlee when, a few nights ago, it attacked the national rearmament program and proved to its own satisfaction that the means to fulfill the program were lacking.

It could be seen clearly that the pretense that Bevan and his friends represent only a small and insignificant segment of Socialist opinion must go by the board, and careful observers realize that Bevan will have strong support from provincial labor for his opposition to the arms program and to the charges for health services when the Labor Party conference meets at Scarborough in the fall.

* * *

This conference will discuss an enormous agenda between October 1 and October 5. It is interesting to record that the Conservative Party conference also will meet at Scarborough a week later, and its proceedings will be carried on from October 11 to October 13 in the same hall.

The agenda of the Labor Party conference lists 37 resolutions directly urging a reduction in the arms program, 26 resolutions protesting against the charge for false teeth and spectacles, 141 dealing with the cost of living, and 37 on foreign affairs.

It has been noticed that there is a growing feeling in provincial labor circles of pessimism about the Government's chances at the next general election. This feeling is largely pegged on the rising cost of living, which is going up day by day. Scarcely a morning passes without the British Broadcasting Company announcing that some commodity, mostly affecting the lower income purchasers, is going up, and all classes in England are feeling very sore about this situation.

* * *

If a clash should take place between Attlee and Bevan, and there is every indication that such a clash may occur, Attlee will be able to obtain enough votes from the big trade unions at the Labor conference to defeat Bevan, but such a success would scarcely help Attlee in the long run, and it would probably be canceled out by the very firm attitude which the trade unions are sure to take on the urgent need for putting a stop to the upward trend in the cost of living.

It is this cost of living, a burden which affects everybody, and which everybody understands, which is playing into the hands of Bevan. He will use it as a stick with which to beat the official Socialists, who may be brought down on that issue, whereas Bevan knows that he might not be so successful by playing his anti-rearmament card.

The Labor conference will call for price control, limitation of profits and dividends, increased subsidies, the removal of purchase tax, and other means to stop the rising cost of living. How far any of these resolutions will be accepted by the Treasury remains to be seen. Any abolition of the purchase tax, for instance, would mean a considerable drop in revenue, and what labor pundits will not see is that if the Treasury loses revenue from one source, it must make it up from some other source, and, taxation being what it is at the moment, it is very difficult to invent a new tax which will not press too hardly on the working class, the only class the Labor Party cares for.

Manoeuvring for position by the official Socialists and the Bevanites will go on uninterruptedly until October, but it is not thought that the principles underlying the activities of the two camps will undergo much alteration from what has been said of them here.

Uranium Time Measure

By THOMAS R. HENRY
Science Editor, North American Newspaper Alliance

WASHINGTON.—A microwatch of milleniums, by which the age of the earth and its mountains can be measured with a 200-fold increase in efficiency, has been developed by atomic energy commission scientists.

The standard time measure of the distant past is the so-called uranium-lead ratio in rocks. Uranium 238, the most abundant form of this exploding element, breaks down through the eons into a rare form of lead. Any lead, found anywhere, once was uranium. Half of any given amount of uranium will change to lead in about 5,000,000,000 years.

The rate of this breakdown has been precisely calculated. Hence the amount of the lead isotope, compared with the amount of uranium in any given rock, gives a fair indication of its age.

For the oldest rocks on earth, presumably formed at about the time the planet's crust hardened, the age turns out to be approximately 3,000,000,000 years. This agrees fairly well with astronomical calculations.

The difficulty has been that it has been necessary to find rocks containing measurable amounts of lead and uranium. With the new method of analysis, less than a fifth-millionth of an ounce of the lead isotope is required for accurate calculations. Hitherto a minimum at least 200 times this amount was considered to be essential before any reliance could be placed in the estimates. The method can be used with rocks containing less than one part in a million of uranium.

It is like a lady's wristwatch compared with a grandfather clock.

The method already has been used with two samples of the lead isotope extracted from petrified bones in the Colorado Plateau area, in an effort to get some clues as to how the Colorado uranium deposits originated. Such data may assist in exploration for new ore.

The refinement, introduced by the Oak Ridge scientists, will make it possible to tell the age, in thousands of years, of many geological features which have kept their ages secret. Uranium, in extremely minute amounts, is distributed pretty generally through rocks all over the earth.

Fun, Fact and Fiction

The application of ordinary sense would straighten out any installment of a soap opera in a matter of two minutes, leaving the other 13 for the description of the wonder suds.

* * *

Style show which entertained a women's prison in England doubtless gave inmates something to dream about.

* * *

ORIGIN OF A NAME

What's in a name? A British geologist was kicked by his horse while crossing the Rockies in 1858 and his party named the scene of the mishap Kicking Horse Pass. The name sticks, one of the most famous in the world.

—St. Thomas Times-Journal.

* * *

HANDBAG PAR

NEW YORK (NANA).—What's par for the course on a day's handbag-openings by a lady?

Polling secretaries in a typical New York office building, researchers of Johnson's Consumer Service, found that the average girl gropes for lipstick, comb, cigarettes and other miscellaneous items on an average of 20 times daily.

The more ardent smokers ranged from 30 to 42 sorties a day.

The man bought a cigar in the department store and started to light up.

"Didn't you notice the sign?" asked the salesgirl.

"What!" exploded the customer. "You sell cigars, but prohibit smoking?"

"We also sell bath towels," the salesgirl replied.

* * *

A man who gets into a rage because there is no soap in the bathroom, really does something about it. He works himself up into a lather.

* * *

CAUTION

It is only now that we begin to think of Philadelphia as a sensational, impulsive place. We used to think different. Our change of mind has come about because we had a note saying that when a yellow air-raid warning is received in Philadelphia, poisonous snakes in the zoo there will be knocked off without further ado. This, we now realize, is Georgie Raft stuff—flashy behavior indeed. A friend phoned us and said that she recalled the wording of a sign in the Regent's Park Zoological Gardens, in London, in wartime. It was: "It is inadvisable to shelter in the reptile house during an alert."

—The New Yorker.

The Packsack

Of GREGORY CLARK

PHYSICALLY small men may have a greater incentive to make good in this world than big men. But after something more than half a century's experience of the problem, I have reluctantly come to the conclusion that it is a great advantage to be on the big side rather than the small. We who tend toward the halfpint or whiffet build are buoyed up with memories of Napoleon; and we comfort ourselves with the adage that precious goods come in small parcels. But so, of course, does poison.

If a man arrives at young manhood knowing that he is destined to be a peewee, very often a psychological force takes possession of him and drives him to tireless effort. Jealous, perhaps, of the big boys who pushed him around in youth, vengeful, even, towards the big oafs who have batted him about in elevators and shoved jovially past him in line-ups, a small man can develop fixations that result in him rising to considerable wealth and power in the world. By the same token, big men should be easy-going and self-complacent, characters who spend their lives dancing attendance on little men who have been driven to eminence by psychology.

But alas, it isn't so. A great many of our most successful men are whippers. You can confirm this in any circle. Visit a club of businessmen, whether a service club or an exclusive social club, take a look at the House of Commons, note the lads in the best seats at the races, or the football games, or hockey. The quickest way to get on in this world is to be pushed. So eat up your spinach, boys, while your growth is still on you.

Looking Back

Through Colonist Files

25 YEARS AGO—The Conservatives of this city and district will hold a monster picnic rally at Willows Beach tomorrow afternoon, at which Hon. S. F. Tolmie, candidate in the forthcoming Dominion elections, will speak.

50 YEARS AGO—The decrepit state of the wooden sidewalks and the neglect of roads throughout the city is the subject of much complaint. Something should be done immediately.

85 YEARS AGO—The weather yesterday was sweltering. Bipeds and quadrupeds were alike overcome by the heat, and business was suspended for several hours. The thermometer was at 94 degrees in the shade and 120 degrees in the sun.

News in Review

From CP, AP, INS, Reuters

The industrial closure in Nelson forest district has been lifted following general rains over the Kootenay district. Forest service officials described the fire situation as much more cheerful. All fires in the area have been brought under control but one. Only troublesome blaze is one in the Yahk River area in the East Kootenay where 200 men are still working on an encircling fire guard expected to be completed today.

The slender brunette was declared winner by a panel of judges which included actress Sarah Churchill. Miss Kelly is eligible to compete at Atlantic City next month for the title of Miss America.

Deaf Claim to Be Cured As Healing Series Opens

Several deaf persons who claimed to be cured were among the hundreds who packed the Glad Tidings Tabernacle last night to see and hear Rev. A. C. Valdez, Jr.

The American evangelist arrived late in Victoria last night for a week-long healing campaign after what he called "a miracle-studded tour [illegible] on a plane to the city.

Among those in attendance was local "divine" healer Reginald Mills, 950 St. Charles Street, who said he was "very impressed by the great magnetism of the speaker."

Until Mr. Valdez' arrival, the service was conducted by his father, Rev. A. C. Valdez, Sr. Both men were gifted orators.

RAPT ATTENTION

Notable were the rapt attention of the congregation and the cries of "Amen" and "Hallelujah."

The younger Valdez told the crowded church that 40,000 had been cured by his work. He called for a show of hands of those "who had come to be healed," and promised that tonight "great things would happen right here."

The power to heal had come to him years ago, he said, during "the dead of night."

"It was as though billions of electrons flowed into my body and when I asked mercy, there were angels standing by my bed and I knew Jesus had given me the power."

Several deaf persons mounted the platform and went away claiming cures amid joyous choruses from the congregation.

Several aged and crippled persons, led to the front of the church, were assisted back to their seats as the younger Mr. Valdez prayed over them.

A large circus-type tent, which will accommodate 3,000 persons, will be set up Thursday for later meetings. It was delayed in the [illegible]

The nattily-dressed father and son were introduced by Rev. E. W. Robinson, campaign chairman.

Meetings will be held daily all this week at 2.30 p.m. and 7.30 p.m. today, at the Glad Tidings Tabernacle on North Park Street, and beginning Thursday in the tent at the corner of Quadra and Pembroke.

Drought Stays As Rain Fades

Clear skies and warm temperatures will return to most of Vancouver Island today and tomorrow, brushing aside hopes of an end to a 62-day-old drought.

The weather office reports a storm from the Gulf of Alaska is dissipating and not expected to bring further rain. Yesterday's precipitation was officially called "a trace."

HUGE FEET

The height of the Indian elephant is almost exactly twice the circumference of its forefoot.

Government Under Fire By War Veteran Groups

The Federal Government has come under fire for its lack of action on veterans' groups' requests for increased disability and war veterans' allowances.

Government supporters are refusing to defend the policies of their party when attending veterans' meetings. Robert MacNicol, B.C. representative on the Canadian Legion Dominion council, told a legion meeting at Sidney.

It is a sign that Ottawa has a weak case in rejecting the requests of veterans at this time, he said.

DELAYING ACTION

There is a definite delaying action by the government in dealing with the requests for across-the-board war pension increases and higher allowances, he claimed.

The supplementary and assistance funds were called handouts by the speaker, who said the former would assist only 4 per cent of 162,000 disability war pensioners.

He said the Canadian Legion is urging its branches to write to their M.P.'s.

September 22 Nomination Date

Nomination day for the Esquimalt by-election is Sept. 22.

Premier Byron Johnson made the announcement yesterday, following a meeting of the cabinet.

The premier did not name the day on which Esquimalt voters would go to the [illegible]

Monday, October 1, has been unofficially regarded as the most likely date.

The Provincial Elections Act states the by-election may be held on the nearest date practicable to nomination day, but not on a holiday.

Premier Johnson said the Cobble Hill polling division had been divided into two with a new polling division to be located in Mill Bay.

"This obviates the necessity of voters having to travel long distances to record their votes," explained the premier.

Advance polling will be provided for at a date to be determined later, he said.

City Mills Report Log Supplies Low

Victoria's larger mills report they have log supplies sufficient for up to six weeks more operation. After that mills will close unless the forest closure ends.

The B.C. Forest Service adds, however, that the closure will not be lifted until the fire hazard is substantially reduced in the woods. Officials did not indicate how much rain would be needed to reduce the hazard and permit resumption of logging.

Order to Start Turning Clubhouse Into Hospital

Work is expected to begin at the end of this month on remodeling of Colwood golf clubhouse for use as a hospital by the Sisters of the Love of Jesus.

Tenders for the remodeling are due Aug. 22, architect John Wade, of Birley, Wade and Stockdill, said last night.

Reconstruction will include outside fire escapes, conversion of locker rooms to wards and rewiring of the building, he said. The building will be ready for occupancy in November. No shortages of materials are expected because the building has a hospital priority.

Three institutions whose occupants are going to the new building will remain open, Mother Prioress of the order said. They are St. Gregory's-by-the-Sea, St. Mary's Home and Glenshiel Hotel.

NEW MEDICAL DISCOVERY MUST

CORRECT CONSTIPATION

—OR WE PAY DOCTOR'S FEE!

NEVER BEFORE has there been such a constipation corrective with such assurance of positive relief!

No laxative in medical history can offer proof of such action and results! Easy-to-take Melcalose tablets give gentle, corrective relief without purging or griping . . . correct years of constipation and maintain that normal function without harsh drugs.

Actual medical records prove that Melcalose can restore normal regularity in as little as 7 days—even in people who have suffered from constipation for 20 or 30 years!

HERE AT LAST is a material that causes no stomach upset, passes unchanged through the digestive system, goes to work only after it reaches the place where constipation occurs . . . in the clogged, sluggish colon! This means that *without* violent purging, sickening nausea or digestive disturbances of any kind, without the endless inconvenience of messy seeds or granules, slippery oils or bitter salts . . . you at last experience *natural*, normal elimination!

MELCALOSE DISSOLVES into a mild, non-purging gel which mixes completely with the contents of the colon to provide gentle, corrective relief, to produce light, smooth bowel movements. Once this rhythmic activity is restored and *maintained*, constipation *no longer exists!*

Melcalose is not a laxative . . . but a *bowel regulator!* Melcalose tablets produce no stomach upset, nausea, cramps or diarrhea. They do not lose their effectiveness with use. *No increase in Melcalose dosage will ever be necessary.*

YOU DON'T NEED A DOCTOR'S PRESCRIPTION for Melcalose tablets. They're HARMLESS TO TAKE EVEN OVER A LONG PERIOD OF TIME! Remember Melcalose gives assurance of results that *no laxative has ever dared offer!* They're at your druggists now, in bottles of 65 and 130 tablets. Get a bottle and start correcting your constipation, today!

MELCALOSE DIFFERENT FROM ALL OTHERS!

ORDINARY "LAXATIVES" OFTEN UPSET ENTIRE DIGESTIVE TRACT

MELCALOSE TABLETS GO TO WORK WHERE CONSTIPATION ACTUALLY TAKES PLACE . . . HAVE REMARKABLE SOOTHING COLON-ACTION.

Continual use of harsh laxatives tends to upset entire digestive tract; draw off needed water; may prolong constipation indefinitely . . . Melcalose Tablets have effect only where constipation takes place! Do not interfere with vitamin and mineral absorption.

RESIDENTS OF THIS AREA:

Take MELCALOSE TABLETS according to simple directions. Should you fail to find positive corrective relief within 7 days, we believe you should see your doctor promptly—and *we will pay for the visit* on the same scale and basis provided for general medical care in the Associated Medical Services or Physicians' Services Incorporated plans—*when your doctor certifies that your constipation was not corrected.* This is our pledge to you—that MELCALOSE *will* bring the relief you need!

Navy Man's Wife to Lay Keel For New Mine Sweeper Tomorrow

MARINE AND TRAVEL NEWS

The keel of a 152-foot mine-sweeper for the Royal Canadian Navy will be laid at Yarrows Ltd. tomorrow.

Sponsor of the vessel will be Mrs. Thelma Ingham, wife of Chief Petty Officer John G. Ingham, 3307 Wordsworth. In accordance with service custom, Mrs. Ingham will declare the keel "well and truly laid" at a simple ceremony at the yard at 4 p.m. A small reception will follow.

High-ranking naval officers and officials of the shipyard will be in attendance.

Mrs. Ingham, a native of Charlottetown, P.E.I., was chosen for her role because of her husband's good war record and long service. C.P.O. Ingham was born in Kamloops and joined the navy as an engine-room artificer.

He has served in several destroyers, the armed merchant cruiser Prince Robert and the cruiser Uganda. He was mentioned in dispatches for zeal and devotion to duty.

TOWING RATES UP

A 15-per cent increase in towing rates will become effective today in operations by members of the B.C. Towboat Owners' Association.

The boost is necessary to meet increased operational costs, it was stated. Wage, fuel, provisions and repair costs have jumped from between 15 to 25 per cent since the start of the year, said a spokesman of one towing firm.

A 10-per-cent increase was put into effect last November.

* * *

SEINER RAISED

The seine boat W Number Four, which grounded in Johnstone Strait during the week-end, has been raised and is being towed to Vancouver by the tug Rosario Strait.

The rising tide Monday night helped a derrick scow right and refloat the seiner.

The W Number Four and the B.C.P. 45 both grounded near the Boat Harbor light, 175 miles northwest of Vancouver, while heading north through a heavy mist. The B.C.P. 45 managed to back off undamaged.

Today's quotation: "I never met a man I didn't like."
—Will Rogers.

Wednesday for everyone: The influences operative today tend to stir impulses. Shun upsets, friction. Exert tact in dealings with others but defer making important moves or changes. Sit tight.

Look for your birthdate and birthsign below.

March 21 to April 19 (Aries)—Devote further time and thought to overtaking aspirations. Be cool-headed.

April 20 to May 20 (Taurus)—Strike a happy balance between conflicting partnership, public and vocational interests.

May 21 to June 20 (Gemini)—Prepare for added emphasis on distant and employment or service affairs. Banish nervous strain.

June 21 to July 22 (Cancer)—Don't be gouded into rash action or irascibility re mutual finances, expenditures. Avoid possibility of dangers.

July 23 to Aug. 22 (Leo)—Choose the path to accord rather than strife; do your utmost to see things as others see them.

Aug. 23 to Sept. 22 (Virgo)—Be above reproach in your handling of duties. Preserve poise; mainfain health, well-being.

Sept. 23 to Oct. 22 (Libra)—Prepare for an added desire for freedom or pleasure. Play safe with funds or worldly goods.

Oct. 23 to Nov. 21 (Scorpio)—Guests are likely to drop in. Put added emphasis on household, commercial or credit items.

Nov. 22 to Dec. 21 (Sagittarius)—Engage in a give and take of opinions. Let issues resolve themselves; keep cool.

Dec. 22 to Jan. 19 (Capricorn)—Give budget and possessions added consideration. Suppress differences or discontent over cash of values.

Jan. 20 to Feb. 18 (Aquarius)—Avoid a note of discord. Get enough rest to offset anxiety.

Feb. 19 to March 20 (Pisces)—Focus a clear light on your deficiencies and those of others; head off strain, bad temper.

Planning ahead — Good for sociability, entertaining, etc.; morning of 16th, evening of 20th, 22, 24, afternoon of 25, 28, 29, 30.

(Released by Consolidated News Features, Inc.)

Building and maintaining roads in England costs about £64,000,000 each year.

'Most Tickled Man I Ever Talked With'

Says Druggist Beer

"We are sold ourselves on the merits of Moone's Emerald Oil, as we know of one case of eczema on a grown man of 10 years' standing. Emerald Oil did the job out he was the most tickled man I ever talked with. He told me had contemplated suicide he was so discouraged." Centerville, Iowa.

It's in just such tough cases of long-standing that Emerald Oil has proved its worth and where the druggist, as in this case, goes—all out in recommend it. It just has to be good.

If a bad skin condition bothers you, don't hesitate or worry any longer—just get a small bottle of Moone's Emerald Oil and prove for yourself how good it is. On sale everywhere.

OWL DRUG STORES

Work on Plywood Plant Reported Uninterrupted

Construction work is continuing at the $2,000,000 plywood plant of B.C. Forest Products Ltd., Gorge Road, officials said last night.

The statement followed reports of the Carpenters' and Joiners' Union (A.F.L.-T.L.C.) that some Vancouver men employed on the work had left in sympathy with the carpenters' union. International Woodworkers of America (C.I.O.-C.C.L.), representing the construction employees, denied the report.

The carpenters' union claims jurisdiction on the project.

PROTEST TO BOARD

The union's protests will be made to the Labor Relations Board, union spokesmen said.

There has been no word from the board on whether the I.W.A. application for certification as bargaining agent for the construction workers has been approved. A hearing was held at Vancouver Monday.

MINNEAPOLIS, Aug. 14 (AP)—You "fix it yourself" at a new self-service garage in Minneapolis.

The idea of letting a car owner repair his own automobile is paying off for Jerry Halvorson, 37, and Jack Morgan, 33.

For 75 cents an hour, amateur mechanics are permitted to use the garage's tools. If they get stuck, they can call on Halvorson and Morgan for advice.

842 NORTH PARK STREET

HEALING INSTRUCTION

Services each day at 2.30 p.m. in Glad Tidings, for those desiring prayer.

THERE WILL BE
NO AFTERNOON SERVICE IN THE TENT
DURING THE CAMPAIGN

Regardless of what your physical need is — COME!

GOD IS ABLE

Canadian Bid at Meeting Spurs Gold Issue Sales

By AP and CP

Producing golds remained firm on mid-session advances toward the close yesterday on the Toronto stock market. Announcement that Canada would seek a better deal for the gold industry at the September International Monetary Fund meeting sparked active buying after a mainly steady opening.

Apart from golds, the market developed a slightly weaker tendency. Base metals slipped more than a point during the afternoon while western oils eased moderately.

Senior golds pushed upward. Giant Yellowknife, Lake Shore, Lamaque, Malartic and Wright Hargreaves advanced. Secondary golds showed a wide list of gains.

LITTLE ENTHUSIASM

At New York there was little trading enthusiasm in the stock market, and prices ended lower despite a last-minute try at a rally.

Steels came to life in the final hour and gave a boost to the list, but the help was not enough to keep the whole market ahead.

Railroads started an advance around midway of the session and did fairly well.

The average was down 20 cents at 236 with the industrial component off 20 cents.

The volume of trading fell to the lowest level since July 18. It came to 1,150,000 shares.

SECURITIES EASE

In Montreal securities eased slightly towards the close on the stock exchange and curb listings after a mainly steady opening. Trading volume was moderate.

A decreasing number of issues remained unchanged as declines captured a major part of the changes, largely fractional.

Mines were generally mixed while western oils followed the industrial list into lower ground.

TRADING QUIET

On the Vancouver stock exchange trading was quiet.

Oils and base metals trading was mixed while gold shares continued unchanged.

At Winnipeg all grain prices declined in moderately active trade on the grain exchange.

Export loadings of Canadian wheat included 55,000 bushels to the United Kingdom, 73,000 to Norway and 15,000 to Costa Rica. Further reports indicated a cargo of Canadian barley had been sold to Norway, while Germany was inquiring into possible business.

Closing Averages

Dow Jones' Closing New York Index:

30 Industrials	262.88, off .18
20 Railroads	79.30, off .51
15 Utilities	45.12, off .15
65 Stocks	94.69, off .27

Volume, 1,180,000 shares.

Millmen to Contest Island Title

B.C. Forest Products team, who finished in tie for fourth playoff berth during Senior "B" Men's Softball League play has come a long way since then. Millmen won sudden-death playoff with Civil Service to make play-downs, then whipped Navy in straight-games in semi-finals and Esquimalt in straight games in finals. They defeated Mesachie Lake over week-end to capture lower island title and are now awaiting series with up-island winners for Vancouver Island championship. Members are, left to right: Back row—Frank Player, Norm Nichols, Marye Fallis, Jim Trimble, Norm Dickie, Ken Day and Roy Whittle (manager); front row—Frank Macdonald, Dick Sleep, Joe Clarkson, Jim Elliot, Herb Hunt, George Coldwell and Ed Dempster.—(Photo by Campbell Studio.)

St. Louis Browns are going to make it tough for Cleveland Indians to win their 13th consecutive game tonight.

The Browns are starting ace pitcher Ned Garver (11-6) against the Indians in the opening game of a series at St. Louis.

The Indians made it 12 in a row and maintained their 2½-game lead over New York Yankees by edging Detroit 6-5 in 10 innings yesterday while the Yanks downed Washington 6-3.

Catcher Jim Hegan, who was stunned twice in collisions at the plate in the sixth and eighth innings, singled home the winning run to give the Indians their 15th triumph in 16 games with the Tigers. It also gave them their longest winning streak in more than nine years.

RELIEF ROLE

Lou Brissie picked up the victory in a relief role, hurling three scoreless innings to stretch his string of goose-eggs to 19⅓ innings.

The Yankees used up three starting pitchers Tom Morgan, Vic Raschi and Bob Kuzava—in defeating the Senators. Kuzava picked up the victory when he singled home the tie-breaking run as the Yanks scored three runs in the ninth.

A pair of home runs by Ted Williams and a triple play gave Boston Red Sox a 7-4 win over Philadelphia Athletics. Williams' homers were his 21th and 25th to give him the league lead in that department. He also became the first player to bat in 100 runs this year.

TRIPLE PLAY

Boston pulled the triple play in the eighth inning. With the bags loaded, second baseman Billy Goodman grabbed Hank Majeski's liner, stepped on second to retire one runner and threw to first to get Gus Zernial before he could get back to the bag.

First-inning homers by Don Mueller and Whitey Lockman sparked New York Giants to a 4-2 triumph over Brooklyn in the feature National League game.

The Giant win—fourth in 16 meetings with the Dodgers this year—cut Brooklyn's lead to 11½ games. Successive homers by Billy Cox and Duke Snider in the eighth spoiled rookie George Spencer's bid for a shut-out.

Hank Sauer drove in all Chicago runs with a double and two home runs as the Cubs edged St. Louis Cardinals 5-4.

Bays Sweep Single Honors For Scoring

Members of the Foul Bay team, which completed the Senior "B" Lacrosse League season without a defeat, have taken most of the individual scoring honors.

Bill Bamford, John Newton, Norm Kowalyk and Jim Ranson have captured the four top places in the individual scoring race in that order. Bamford had 23 points, while Newton had 22. Kowalyk 21 and Ranson 19.

Three goalies finished in a virtual tie for the goaltending laurels. Walker of Navy had a percentage of .737, Roy Gallop of Jokers had .736 and Jim Heatherington, also of Jokers, had .730.

Scoring statistics follow:

Sports Fixtures Scheduled Today

GOLF

2.30 p.m.—Second round of match play in annual Seniors' Northwest Golf Association tournament, Victoria Golf Club.

SOFTBALL

6.30 p.m.—Senior "C" Saanichton vs. 119 Battery, Upper Central (Deciding game in best-of-three series for Lower Island championship.)

BOX LACROSSE

7.15 p.m.—Pewees division, Tigers vs. Stubbys, Memorial Arena.

8.30 p.m.—Inter-City, Vancouver Combines vs. Victoria Shamrocks, Memorial Arena.

Victoria Club Kennel Show Plans Complete

Final arrangements have been completed for the staging of the Victoria City Kennel Club championship shows in the lower ballroom of the Crystal Garden Sept. 7 and 8.

The shows will be staged under Canadian Kennel Club rules and separate points will be awarded at each show.

A large list of prizes which includes engraved certificates for the best-of-breed winners are being offered for competition. Entries will close for both shows on Aug. 29. Form may be obtained by phoning Empire 2536.

John Ritchey Of Vancouver Leads Batters

Vancouver catcher John Ritchey holds a 13-point lead over teammate Dick Sinovic in the Western International League individual batting race according to figures released by the league office yesterday for games through Sunday.

Sinovic and Ken Richardson of Spokane are deadlocked for the runs-batted-in honors with 92 each. Butch Moran of Tacoma remains in contention with 90.

HOME RUN TITLE

Will Hafey of Wenatchee has sewed up the home run title. He has hit 21 round-trippers, 10 more than Bill White of Victoria, Bud Peterson and Vic Buccola of Tri-City and Jim Marshall of Wenatchee, who are tied for the runner-up spot.

Leading averages follow:

	AB	H	RBI	HR	Avg.

First Game by Cougars Seen Thanksgiving Day

Victoria Cougars are tentatively scheduled to open their 1951-52 Pacific Coast Hockey League schedule at home on Thanksgiving Day, Oct. 8.

Al Leader, president of the enlarged circuit, reported yesterday that the first game of the new season will be at Vancouver on Oct. 5 with New Westminster's first home game the following night. Opposition for the openers has not yet been decided.

Regular league play will end at Seattle March 23, one week later than last season.

ONE UNIT

Leader confirmed that the eight-team circuit will operate as one unit and not two divisions as previously planned. Each club will play 25 home games with prairie clubs touring the coast three times and coast teams making three trips to the prairies.

Holdovers from last season's P.C.H.L. are Victoria Cougars, Vancouver Canucks, New Westminster Royals, Seattle Ironmen and Tacoma Rockets. New additions are Edmonton Flyers, Calgary Stampeders and Saskatoon.

North Shore	15	14	0	342	370	30
Nanaimo	4	26	0	286	467	8

Next game tonight: Vancouver at Victoria.

VANCOUVER, Aug. 14 (CP)—Vancouver Combines defeated Nanaimo Native Sons 18-11 tonight in an intercity lacrosse game that had two bright points.

Vancouver's scintillating passing attack and Sons' Lyle Scott's attempt to take on the whole Vancouver team by his lonesome.

The first point was particularly brought out in the last half when with a secure lead and Nanaimo tiring, the youthful Combines whipped the ball around with abandon. Altogether they whipped up 14 assists on the 18 goals.

Point two, Scott's come-one-come-all battle with the Combines, livened up a mediocre game. The little roughneck, who started the season with Combines, traded bumps with nearly every Vancouver player at some time during the game, but concentrated on Ken Webb, whose nose he cut in one exchange.

In goal Freddie Fulla tightened grip on the rookie award with a brilliant performance that included stopping 36 shots.

Hole-in-One Starts Rally

Holding his No. 6 iron tightly and taking second look at his ball is Harry Andrews of Tacoma, who stole spotlight in annual Seniors' Northwest Golf Association tournament at Victoria Golf Club yesterday by scoring hole-in-one on par three, 120-yard eighth hole. Four down going into eighth, Andrews rallied to square match on 18th and won out over R. M. McLeod of Victoria at 19th in "C" class championship play. Ace was third of career for Andrews. He used same club for each ace.

Sport

Musgrave Bows to Willing

Canadian Representation Cut in Senior's Tourney

Canadian representation in the grand championships class of the 29th annual Seniors Northwest Golf Association was cut to two yesterday when A. S. G. Musgrave of Victoria bowed to O. H. Willing, Tacoma, 6 and 5, at the Victoria Golf Club.

Willing, former Walker Cup partner of Bobby Jones, advanced to the quarter-finals along with co-medalists E. N. Eisenhower of Tacoma and Ralph Whaley of Seattle; Gerry McManama and Roy Campbell of Seattle, G. E. Sullivan of Portland, Reg Milroy of Vancouver and H. O. English of Victoria.

Whaley and English had the toughest matches yesterday. The former, seeking his seventh championship in eight years, was forced to the final hole before winning two up over Portland's Ralph Parker, who shot a 73. English was extended to the 19th before eliminating F. E. Davis of Seattle.

EISENHOWER DOWNS DOUD

Eisenhower defeated fellow townsman D. H. Doud 3 and 2, and will meet McManama in one of today's feature matches. McManama put out Roy Wood of Portland, 3 and 4.

Today's other feature match pits Willing against Seattle's Roy Campbell, who ousted Howard Lilly, also of Seattle, 3 and 2.

Whaley goes against Milroy, 2 and 1 winner over W. H. Abbott of Bellingham, and English opposes Sullivan, who defeated fellow townsman R. H. Atkinson, 4 and 3.

In the other classes the highlight was provided by 81-year-old Joshua Green of Seattle, who extended Jim McCulloch of Comox to the 21st hole before bowing out in the "AA" championship.

Saanichton Plays Soldiers Tonight

119 Battery, Victoria champions, and Saanichton, winners of the Colwood and District Softball League, will meet in the deciding game of a best-of-three series for the lower island senior "C" men's championship at Upper Central tonight at 6.30 p.m.

119 Battery won the first game of the series 11-6 at Saanichton Sunday afternoon but dropped the second game of the double-header 8-0.

Third Tilt at Sooke

The third game of the best-of-three series between Sooke and Chemainus for the Vancouver Island juvenile boys' softball championship will be played at Sooke at 6.30 p.m. tomorrow.

Chemainus won the first game of the series, 3-2, Sunday afternoon. Sooke evened the count with a 7-5 victory in the evening.

A's Still Handicapped By Catching Shortage

The catching shortage hurt Victoria Athletics again last night in their bid to grab the fourth place playoff berth in the Western International League.

With Milt Martin still unable to play because of his shoulder injury and the non-arrival of Rocco Cardinale and Jack Reddick from California in time for the game, the A's were forced to press infielder Don Pries into service as a catcher.

Pries had a rough time as the A's dropped a 6-4 decision to Wenatchee Chiefs. The Chiefs scored twice in the second inning on a walk, singles by Foster Roberson and Mike Kanshin and two stolen bases.

TALLY IN SIXTH

The Chiefs added another tally in the sixth when Buddy Hjelmaa was hit by a pitched ball and completed the circuit on singles by Lyle Palmer and Roberson.

The A's reduced the deficit to 3-2 in the top of the seventh when Bill Dunn, Bob Sturgeon and Jim Clark walked to fill the bases and Pries delivered a two-run single.

The catching problem offset the rally in the bottom half of the frame. Lil Arnerich walked, Walt Pocekay beat out a sacrifice bunt and Will Hafey was purposely passed to fill the bases after Jim Marshall sacrificed the runners along. Hjelmaa than popped up back of the plate, but Pries dropped the ball for an error. With Hjelmaa still at the plate, two passed balls allowed Arnerich and Pocekay to score.

FINAL RUN

Plamer scored the final Wenatchee run in the eighth when he walked, was safe at second on Jim Hedgecock's error and completed the circuit on Arnerich's single.

Doubles by Sturgeon and Hedgecock and a single by Clark gave the A's their final two runs in the ninth.

The victory boosted the Chiefs' fourth-place margin over the A's to six games and nine on the losing side. Sturgeon will send southpaw Jim Propst against the Chiefs in the second game of the three-game series tonight.

Two squeeze bunts each good for a run — highlighted a four-run Tacoma rally in the eighth inning as the Tigers downed the league-leading Spokane Indians, 6-1.

CAPS FAIL TO GAIN

The runner-up Vancouver Capilanos failed to gain ground as they lost to Salem Senators, who gained a 5-4 decision behind the relief pitching of Aldon Wilkie. Wilkie replaced Ray McNulty who retired in the third when he developed arm trouble. The loss went to Ron Smith.

Mike Baxes drove home five runs on a pair of home runs and a single as Yakima edged Tri-City, 6-5. His single drove in pitcher Ted Savarese with the winning run in the eighth.

Shoots Postponed

The Humber handicap and the C.I.L. Shield shoots scheduled at the Victoria Gun Club's Albert Head Grounds this coming Sunday have been postponed because of the open shoot at Courtenay that day.

The shoots will be held at the Albert Head Grounds the following Sunday.

Aces Get Behind Archie Sluggett To Beat Millmen

Butler's Aces supported Archie [illegible] ance with errorless ball to take a 2-0 lead over B.C. Forest Products in the best-of-five semi-final series for the city senior "A" men's softball championship.

Although outhit 8-7, Aces made the most of their base-blows and took advantage of Millmen's three errors to register a 3-1 triumph. Butler's Aces won the first game of the series 7-6 last Friday.

Sluggett, who has not appeared on the mound for the Aces for several weeks, came up with a sound display as he kept the Millmen handcuffed most of the way. Iron-man Bud Ross again performed on the mound for Forest Products and received his second loss of the playoffs.

ONE-RUN LEAD

Butler's took a one-run lead in the second inning and never looked back. John Furmston, much to the surprise of the Millmen and fans alike, led off the [illegible] Mickey Smith singled and both runners advanced on Sluggett's sacrifice. Furmston scored after Will Benn flied out to Doug Hudlin.

Aces scored what proved to be the winning run in the next inning. Phil Benn singled and was sacrificed to second by Hal Yardley. Ron Benn then singled and Phil Benn came home when second-baseman Joe Travis threw wide at the plate.

Travis made up for his error in the bottom of the next inning when he led off with a single, stole second and then scored on Don Hendry's single.

INSURANCE RUN

Yardley added an insurance run for Aces in the fifth. He singled, stole second, went to third on a passed ball and scored on an infield out.

Millmen never gave up trying. They got to Sluggett for two singles in the fifth but a beautifully executed double-play killed the potential rally. They picked up two more hits, including a double by Travis, and left two men on base in the sixth and in the seventh, but could get no further.

Phil Benn, a substitute third baseman, had himself a day on the field, handling 10 chances flawlessly. He also started the rally-ending double-play in the fifth. Hudlin was a standout for the Millmen, making several hard catches, including one on Gus Hilton's low drive in the fifth.

The next playoff game will be played tomorrow when Pitzer & Nex meet Chinese Students in the third game of their best-of-five series. Pitzer & Nex lead the series 2-0. The game will be played at Upper Central at 6.30 p.m. Third game in the Aces-Millmen's series will be played Friday.

Butler's Aces	011 010 000—3	7	1
B.C. Forest Products	000 100 000—1	8	3

Sluggett and Smith; Ross and Hendry.

Salmon Derby At Ladysmith Starts Sunday

LADYSMITH, Aug. 14—The annual Ladysmith Fish and Game Club's salmon derby will be staged this Sunday and, according to Chairman Tom Stratton, it promises to be "the best we've ever had."

Three trophies will be at stake—the Mount Brenton Trophy put up by the club for the largest coho; the Fraternal Order of Eagles' Trophy for the junior class winner, under 14 years, and the new Seaview Court light tackle trophy. There are also 16 other prizes, including a 1951 automatic clock for guessing the weight of the three heaviest fish.

Fishing is good, Stratton has reported, with the cohos mostly running at about eight pounds. He announced that the best fishing is in the morning.

The number of entries have not been tabulated yet but a last-minute rush is expected. Last year's derby drew 299 entries. The checking out points are the Ladysmith and Chemainus wharves; Yellow Point and the Seaview Court, Saltair.

Lauds Fishing At Deep Cove

Ted Reynolds has become another ardent booster of Deep Cove fishing.

The Victoria sportscaster reported that his boat brought back two springs and grilse at the popular fishing grounds yesterday morning. All were caught between 6 and 8.30 a.m.

Reynolds also said that he noticed several other boats with good catches.

Mixed Golf Match At Uplands Club

A twilight, mixed two-ball foursome competition will be played at the Uplands Golf Club tomorrow evening. It will be the final competition of the season and will be played over 12 holes.

Draw and starting times follow:

5.30, 1st tee—Miss P. Bagley and Don White; Miss M. Press and Ed Malley.
5.39, 8th tee—Mrs. Patrick and Sam Hill; Mrs. Hibberson and Gordon Sutton.
5.37, 1st tee—Mrs. M. Woolison and Glen Hodge; Mrs. Whyte and Harry Zaruk.
5.37, 6th tee—Mrs. A. Roberts and George Austin; Miss Hill and Hal Wallace.
5.44, 1st tee—Mrs. D. Ross and Jack Edmison; Miss M. Conibear and Art Roberts.
5.44, 6th tee—Mrs. F. Prescott and Roy Strahan; Mrs. Craven and Don Winters.
5.51, 1st tee—Miss V. Wiley and Jack Todd; Miss G. McAnally and Bill Craven.
5.51, 6th tee—Mrs. F. Rourke and Jim Ross; Mrs. G. Howe and Norm Dashfield.
5.58, 1st tee—Mrs. N. Bamford and Norm Johnson; Mrs. G. Silburn and Bob Cracken.
5.58, 6th tee—Mrs. G. Ford and Charlie Tolson; Mrs. C. Tolson and George Ford.

The Sports Grill

By PAT ROBINSON

Sportswriters are rapidly getting an enforced legal education from district attorneys in college basketball scandals and army judge advocates in cadet cribbing scandals.

So it's a pleasure to get back for at least one day to a good "honest" racket like fighting which reminds us that we ran across a horseman who happened to see Ray Robinson lose his middleweight title to Randy Turpin in England.

[illegible] as not to underrate Turpin in the return bout in New York Sept. 12. Turpin, he said, is just as unorthodox as Harry Gieb was and just about as tough and efficient. He added:

"Turpin does everything wrong according to the experts. But I noticed that he was able to go against the book and still land often and hard on the cleverest boxer in the world. He must have something to get away with that."

"I can understand how you fellows might imagine he was a bum like all the other British pugs of the last 20 years. But this boy is no green pea. He has been boxing since he was in short pants when he and his brother Jackie donned tiny gloves and boxed in the booths for whatever change the spectators would toss into the ring.

"When he grew a little older he had over a hundred amateur fights.

"He has had more than 40 pro fights and he's far tougher and stronger than you would expect of a man his weight. Ask Robinson and he'll tell you how Turpin bulled him around the ring. I never saw anybody do that to Robinson before and was he surprised!

"You know how Robinson used to tie up everybody in the clinches or slip away when the going got rough. Well, this boy Turpin wouldn't let Robinson get away with it. Inside, he'd sweat up punches from the darndest angles or wing them to the back of Robinson's neck. You'd have to see it to believe it."

Be that as it may, we think Robinson is far too smart to let Turpin handle him that way again. You may be sure that Ray will have studied the pictures, noted every move Turpin made and every mistake he himself made.

And you can bet Robinson won't make the same mistakes twice. Even more important, he will be trained this time as he never has been in his life.

Robinson usually is in superb condition even when out of the ring, but no man can hit the champagne and caviar circuit, especially in gay paree, and expect to be at his best.

Robinson, too, like everybody else probably underestimated Turpin's ability and he won't make that mistake again. So we still believe he will regain his title.

Jim Clark Takes Over Lead

A's Hike Team Average In Bid for Playoff Spot

Victoria Athletics may not have any leaders in the Western International League individual batting race but they have boosted their team average to .270 — high for the season — in their bid to capture the fourth playoff spot.

Leadoff man Jim Clark took over the club lead last week by picking up 14 hits in 34 trips for a .412 pace. The batting surge gave him an average of .339 since joining the club and a 20-point lead over Don Pries.

Pries, club leader since Lilio Marcucci was recalled by Portland, actually outhit Clark last week but could only tack 10 points onto his season average. Pries hit safely 14 times in 30 trips for a .467 gait last week.

Others to show [illegible] week were: Gene Thompson, up six points; Marv Diercks, up eight; Hal Jackson, up five; and Bill Dunn, up two.

Bill White, Ben Jeffey, Bob Sturgeon and Milt Martin showed losses. Jeffey was held to five hits in 28 trips to drop 45 points. White fell three points, Sturgeon dropped three, and Martin slipped five points.

Although hitless in his last five games, White batted in 10 runs to extend his lead over Jackson in that department to 11. White also retained the lead in total bases, home runs, triples and doubles and is third in stolen bases.

HEDGECOCK LEADS

Jim Hedgecock is the leader in the pitching department with 12 victories and nine defeats for a .571 percentage, although Bill Prior is the nominal leader with a victory as his only decision. Prior has an earned-run average of 1.08 for his few innings pitched. Ben Lorino is next with 2.61 and Gene Tierney, although charged with 14 losses, is third with 3.81.

Averages, including Monday's game, follow:

HITTING

	AB	R	H	RBI	BA
Kubasek	5	1	2	0	.400
Clark	115	20	39	9	.339

Louis Meets Bivins Tonight In Baltimore

BALTIMORE, Aug. 14 (AP).—The magic name of Joe Louis is expected to lure some 25,000 fans and $100,000 to Baltimore Memorial Stadium tomorrow night to see the 37-year-old former champ go 10 rounds or less with Jimmy Bivins, Cleveland veteran.

There will be no home television of this heavyweight bout. However, some 15 theatres in eight cities will be serviced by theatre television. Baltimore will be blacked out.

The old bomber, waiting for the day when he'll get a chance to make ring history by regaining his title, is a lopsided favorite over his 30-year-old foe. The price hung around 5 to 1 with few takers.

Speaking Briefly

Charles W. Miller, 76, world champion six-day bicycle racer before the turn of the century, died at Chicago yesterday.

* * *

Detroit Red Wings have announced they have a working agreement with Edmonton [illegible] of the Pacific Coast Hockey League.

* * *

Jackie Bowes, 18-year-old pitcher for Guelph Maple Leafs, has agreed to sign a pro contract with the Cleveland Indians.

* * *

Forty-five thoroughbreds brought $108,200 yesterday in the first session of the Saratoga yearling sales.

* * *

The Chicago White Sox have renewed their working agreement with the Sacramento Solons for one year.

* * *

Randy Turpin yesterday left London for New York where he will defend his world middleweight crown against Ray Robinson, former champion, on Sept. 12.

* * *

Premier Frost yesterday promised "relentless pursuit" of gamblers and jockeys involved in "fixed" races on Ontario tracks.

* * *

Philadelphia Phillies have called up Niles Jordan, 21-year-old lefthanded pitcher, who is currently leading the Class B Interstate League.

* * *

Pacific Coast League outfielder-slugger Jack Graham has been benched and fined $100 for failure to hustle for the San Diego club.

* * *

John Moriarity, 94-year-old former bare-fisted boxer who fought his last fight 53 years ago, died in Toronto Monday.

* * *

Clyde yesterday defeated Albion Rovers 4-0 in a Division "B" match of the Scottish Soccer League Cup competition.

* * *

F. B. (Freddie) Rees, one of the greatest steeplechase jockeys of all time, died at his home in Lewes, England, yesterday.

* * *

Featherweight champion Sandy Saddler and Willie Pep have agreed to terms for a 15-round title match in the Polo Grounds Sept. 26.

League Moguls Consider Playing Off Cut Games

NEW YORK, Aug. 14 (AP).—Recent confusion about rain and curfew-curtailed games has influenced American League owners to consider playing off all abreviated games — including those stopped by rain—at a later date. President Will Harridge and seven of the eight clubs want a change.

Harridge supports adoption of a rule that will be on the agenda at the December meetings. Apparently nothing can be done about it this season without a special meeting.

"The American League is favorable to the adoption of a rule which will complete any game terminated by rain, curfew law or necessity of catching trains before nine full innings have been played," said Harridge today in Chicago.

A poll of the clubs by the Associated Press showed three moguls favoring playing off all shortened games later and four others anxious to adopt the National League rule which covers only games halted by curfew or [illegible] trains.

Art Ehlers, general manager of the Philadelphia A's was the only club representative to favor keeping the present rule. His manager, Jimmy Dykes, however felt the "curfew rule is unfair."

Boxla Series Starts Off With Bang

If the first game can be used as an indication, Foul Bay and Western Jokers are currently engaged in the hottest playoff series seen in the senior "B" box lacrosse league in some years.

The two clubs will meet in the second game of the best-of-five playdown for the city championship at Memorial Arena tomorrow at 8:30 p.m.

Foul Bay, still undefeated this season, took a one-game lead in the series by defeating the Jokers 14-11 in overtime Monday night, in the wildest, yet best-played game of the season.

FIFTEEN PENALTIES

Played before the largest crowd of the season, the game was a perfect display of fast play and fast tempers. The referees handed out 15 penalties, six of them for fighting.

In a preliminary to tomorrow's encounter the East Burnaby Adanacs, 1950 provincial champions, will meet the Victoria Juvenile all-stars in an exhibition game. The preliminary game will start at 7 p.m.

Elders, winners of the Colwood and District Softball League, will meet Ladysmith in the first game of a best-of-three series for the Vancouver Island junior boys' title at Sooke Saturday at 6.30 p.m. Elders will play the remaining game, or games, at Ladysmith Sunday.

O.C. Cricket

LONDON, Aug. 14 (Reuters).—Results of first-class English cricket matches today:

Sussex 213 and 15 for none, South Africans 314 (match drawn).

Yorkshire 295 for six declared, Essex 60 and 172. Yorkshire won by an innings and 123 runs.

Lancashire 341 and 79 for none, Worcestershire 280 (match drawn).

Middlesex 277 and 93 for four, Surrey 283 (match drawn).

Northamptonshire 162 and 190 for six, Warwickshire 202 for nine declared (match drawn).

Hampshire 117, Leicestershire 118 for six (match drawn; rain restricted play).

Gloucestershire 279 and 119 for 2 declared, Kent 234 and 66 for three (match drawn).

Somerset 154 and 244 for nine declared, Glamorgan 179 for eight declared and 59 for nine (match drawn).

Nottinghamshire 286 for eight declared, Derbyshire 284 (match drawn).

Somerset 154 and 244 for nine declared, Glamorgan 179 for eight declared and 59 for nine (match drawn).

Golf— Here's How

By SAM SNEAD
Golf's Greatest Player-Teacher

Balance is maintained by having two firm points of anchor the feet and the head. Pictured is a player swinging in balance. Now notice the cocked

wrists and straight left arm. We have mentioned on several occasions that high handicap players make too little use of their hands. Our pictured player obviously intends to use his hands. See the power stored up in his cocked wrists. He has saved that power until his hands are halfway down to the ball. And now he'll pour this additional power into the shot. This power, small as it may seem, is multiplied, remember, by the length of the shaft. So your clubhead will be moving at your maximum rhythmic speed at impact, if you pour the hand power in starting it during the last half of the downswing. Don't neglect your hands. Pour them into the shot at the bottom of the stroke.

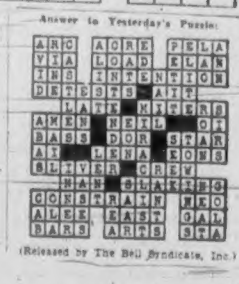
Answer to Yesterday's Puzzle:



(Released by The Bell Syndicate, Inc.)

WAKE UP YOUR LIVER BILE—

Without Calomel—And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out about 2 pints of bile juice into your digestive tract every day. If this bile is not flowing freely, your food may not digest. It may just decay in the digestive tract. Then gas bloats up your stomach. You get constipated. You feel sour, sunk and the world looks punk.

It takes those mild, gentle Carter's Little Liver Pills to get those 2 pints of bile flowing freely to make you feel "up and up." Get a package today. Effective in making bile flow freely. Ask for Carter's Little Liver Pills, 35c at any druggists.

At Home and Abroad SERVE CANADA in the

"Front Lines of Freedom"...

with the FIELD ARTILLERY

The only possible answer to the forces of aggression already on the march, is armed, trained strength. The Canadian Army is gearing itself to meet any possible threat to our freedom.

More and more men are joining the Active Force every day. New and mighty equipment is being built to give the Canadian soldier the finest weapons in the world.

One of the most urgent needs is more men — more soldiers in the Canadian Army Active Force. This is a call to duty — a call to the defence of this country.

In attack or defence, artillery supplies the heavy punch to soften or break opposition for the modern army. The Royal Canadian Artillery is a powerful voice in the defence forces of this country.

The teams of field artillery are not built overnight. It takes time and training. *But* time may be short. Men are needed *immediately* to man the field artillery of the Canadian Army Active Force.

Don't delay. Help man the field artillery of the Canadian Army Active Force right away.

TO ENLIST YOU MUST:

1. Volunteer to serve anywhere.
2. Be 17 to 40 (Tradesmen to 45).
3. Meet Army requirements.
4. Married men will be accepted.

LONDON (CP)—Working men digging a trench for new cables in Newcomen Street, Southwark, uncovered the barrel of an ancient cannon. It was identified as a relic of the Napoleonic wars.

Dam May End Fraser Floods

VANCOUVER, Aug. 14 (CP)—Possibility is seen that construction of a huge dam on the Nechako River by the Aluminum Company of Canada may remove the threat of damaging floods in the Lower Fraser Valley each year.

It is estimated that the Nechako system contributes nearly 10 per cent of the Fraser River floodwaters.

ANCIENT WRESTLING

The bodies of ancient Greek wrestlers were smeared with oil and sand to check perspiration and allow a firm grip.

NO. 207—NINETY-THIRD YEAR VICTORIA, BRITISH COLUMBIA, WEDNESDAY, AUGUST 15, 1951 SECOND NEWS SECTION

Dairy Adds Request

DUNCAN, Aug. 14.—Two applications for milk price increases were heard by the milk board during its sitting here Tuesday.

[illegible] to farmers who produce Grade B milk were asked for in the first application presented by H.M. Paterson, secretary of the Vancouver Island Dairymen's Association.

The second application was made by C. E. Porter, operator of Sunny Brae Dairy, who asked for an increase in order to improve the [illegible] and distribution of [illegible] cream.

Mr. Paterson's board [illegible] farmers are far below [illegible] some are operating [illegible] cost of production.

COST FIGURES

Mr. Paterson told the board that before the Dairy Products Act [illegible] the cost of [illegible] per 100 pounds of milk in the Duncan area was established [illegible] cost of feed, [illegible] cows, [illegible] to produce [illegible] and the [illegible] for labor.

Mr. Paterson said this formula, [illegible] August 1, the price of milk was set at $5.60 per [illegible] standard milk had been established as a base from which to work. However, he said "for some reason this formula was not used in the adjustment of last February, and today we are in a position where the producer is being [illegible] of business and the consumer [illegible] a serious shortage of [illegible]."

He said that from June, 1945 to the present, the [illegible] to dairymen is [illegible] as follows: alfalfa has risen $20 a ton to $36; mixed hay from $27 to $38.16 per ton; dairy meals from $63 a ton to $73.

WAGE COMPARISON

Mr. Robinson next compared wage rates between various industries and the primary producer of milk, and said all the farmer was allowed for labor was 70 cents an hour.

"I fully realize that the milk board [illegible] to increase the price of milk, but [illegible] to have a [illegible] to the consumer. However, I feel that there is no alternative [illegible] the price of milk will [illegible] to a serious level."

Mr. Porter's application for an increase was based on increased operating costs. Mr. Robinson expressed regret that Mr. Porter's application came at this time when it will cloud the issue from the point of view of the primary producer.

Mayor J. C. Wragg opposed any increase in the price of milk because of the hardship it would work on pensioners and others with fixed incomes.

City Youngsters React to Weather Changes

Colonist photographer Jim Ryan earlier this week found this little boy, who couldn't stand continued heat, getting a sympathetic lesson in hot-weather manners from Saanich Const. Harry Adams.

Yesterday photographer Ryan spotted this little girl who couldn't stand rain. At first sight of yesterday's "dryer" of rain she ran for her umbrella, raised more-or-fully towards the skies.

Contract Awarded For Centre

Farmer Construction Ltd. yesterday was awarded the contract to build a new Victoria health and welfare building on a bid of $90,000, subject to approval of the city's special building committee.

The one-story, partial-basement, frame building is to adjoin Spencer House at Pembroke and Cook Streets. The L-shaped 170-by-130-foot structure probably will be started immediately and is to be finished by Jan. 31.

Two other bids were opened by Acting Mayor Frank Mulliner. Ald. Mrs. Margaret Christie asked if it would not be possible to use Prince Robert House as a temporary health and welfare centre.

Ald. Percy Scurrah, however, said the city engineer had estimated that it would cost nearly $50,000 to renovate Prince Robert House.

Opinion Sought On Parking Site

AROUND TOWN

Mayor Percy George will obtain the opinion of the provincial government on using the old Christ Church Cathedral site, at Burdett and Blanshard, as a parking lot.

City Council heard yesterday that the mayor will meet government officials soon. J. W. Price and J. S. Philion have applied to the city to operate the parking lot.

The site is held by the government and was recently offered to the city as a new city hall site.

A public works department spokesman said earlier he doubted if approval would be given for a privately operated parking lot if the city did not build a new city hall.

* * *

More Horsemeat

S. F. Showers, who successfully opened Victoria's first horsemeat market at 610 Fisgard Street last week said yesterday that he is planning to open a second store near the intersection of Cook and Pandora and possibly a third in the James Bay area. He is reported also considering a similar market for Sidney.

* * *

Legislative building reports say that Col. Donald McGugan is being mentioned as next head of the B.C. Liquor Commission.

Col. McGugan served as assistant commissioner under the late Hugh Davidson and in recent years under W. F. Kennedy as law enforcement supervisor. He was in charge of the liquor warehouse here.

Mr. Kennedy, who died Friday, was buried yesterday at Royal Oak Burial Park.

* * *

Prohibition of parking on Fort Street areas southwest and northeast of Oak Bay Junction will be studied further by the transportation, traffic and public safety committee of the city council.

Ald. Waldo Skillings yesterday withdrew a motion he had previously introduced that no parking signs be placed at the intersection. He said there appeared to be a difference of opinion on where the signs should be placed and on the times they should be effective.

Council authorized creation of a local improvement area on either side of the driveway entering the water works yard on Pandora Avenue.

* * *

Between 15 and 20 feet of fence in front of the home of Reginald Hayward, 2140 Oak Bay Avenue, was torn away early yesterday morning when a car failed to complete a turn from Oak Bay Avenue onto Yale Street.

Oak Bay police say the driver was George K. Bassett, East Hampshire.

Garry Oak No Problem; Blown Down

City [illegible] recently ordered that [illegible] on the city [illegible] Avenue [illegible] be [illegible] at [illegible] west.

[illegible] the [illegible] was the [illegible] and Ald. Dr. J. D. Hunter. The not-so-mighty oak collapsed last week under force of the wind, council was told.

Robert Jackson, Rockland Avenue, appeared before the [illegible] and claimed vandals had [illegible] down the tree.

Aldermen smiled as Mr. Jackson read his brief. There is not a [illegible] Garry oak that is not at least Mr. Cyril Jones' city engineer unwittingly calls a drunken maple. Does Mr. Jones admire a leaning woman?" Ald. Trev. They must be [illegible]," he said.

After Mr. Jackson had read his brief he was ruled out of order for attempting to expound his [illegible] theories.

"[illegible] can [illegible] to you unless [illegible] were his parting words.

A letter [illegible] was read from Mr. [illegible] saying he [illegible] Parks Board [illegible] Oak Bay [illegible] ing trees where possible.

REMOVAL RECOMMENDED

Police [illegible] committee had recommended removal of the tree when [illegible] was found [illegible] on the [illegible] Oak Bay [illegible] Ald. Lyall [illegible].

[illegible] Ald. [illegible] with [illegible] Park [illegible] Ald. [illegible] Oak Bay [illegible] Ald. [illegible] Ald. [illegible] with the city for [illegible] of the tree [illegible] [illegible] [illegible]

Clergyman Christens Three Granddaughters

SOCIAL AND PERSONAL

A triple christening at Knox United Church had special interest for [illegible] congregation. The Rev. Frank C. [illegible] whose three granddaughters were presented [illegible] baptism, was the former pastor of Knox. Mr. and Mrs. Robert Clinton Vassilie, parents of the children, are members of the congregation. Mr. and Mrs. J. Gordon Gaston, Nanaimo, was [illegible] Mrs. Vassilie was matron of honor.

Following the ceremony, a reception was held at the home of the Rev. Mr. [illegible] 964 McClure Street. Assisting Mrs. Gaston and Mrs. Vassilie were Mrs. [illegible] Mrs. [illegible] Mrs. [illegible]

Today's Pattern

9363 SIZES 12—20; 40

by Marian Martin

WEEK'S BUDGET STYLE

It's a Bonnet Coat! A Beach Wrap! A Cocktail-set Dress! A TV Coat! In fact almost every thing you ever sewed. So good looking with outside stitching, side-zip and big pockets.

Pattern 9363 comes in sizes 12, 14, 16, 18, 20, 40. Size 16 takes 4 yards 35-inch fabric.

For this exclusive pattern send 25c (25 cents) in coins (stamps cannot be accepted) to The Victoria Colonist, Marian Martin Pattern Department, 60 Front Street West, Toronto. Print plainly SIZE, NAME, ADDRESS, STYLE NUMBER. The pattern will be mailed from Toronto and should reach you in two weeks or less.

Plan Fall Agenda

Plans for autumn activities were discussed at the regular meeting of Lodge Primrose, Daughters of Rebekah, held recently under the chairmanship of Mrs. J. Osler. Among guests at the meeting were Mrs. E. Baker, president of Princess Alexandra Lodge and Mrs. J. Bonnell of Lodge Glazier No. 92 Vancouver.

Mrs. Osler will convene the bazaar to be held October 26 in the Hall of Hearing Hall. The annual rummage sale will be held September 26 in the City Market.

Prepare for Birthday Banquet

Miss Helen Talbot, left, president of the I's Wren Association and Miss Ann Leggott are in charge of arrangements for the association's ninth birthday banquet to be held Aug. 29 in Terry's rose room. All ex-Wrens are invited and among special guests asked to attend are Captain and Mrs. R. Jackson the Rev. Walton Hill and representatives from the Naval Veterans of The Ladies' Auxiliary to the latter organization. Colonist photo

Peace is what a shower was held at the home of Mrs. A. Edwards. Date will be announced at the regular meeting September 11.

Farmers Given Better Prices During June

OTTAWA Aug. 14 (CP)—Canadian farmers are getting higher over-all prices for their products at least they were in June.

The Bureau of Statistics index of prices received by farmers for farm products excluding Newfoundland moved to a new high of 287.5 in June compared with 279.4 in May and 264.1 in June last year. The index is based on 1935-39 prices equaling 100.

The previous farm price index peak was 280.8 in March this year.

The bureau said the June gain could be attributed to increased prices for livestock and livestock products. These more than offset declines in prices of potatoes and some grains.

As compared with May there were increases in all provincial indexes except for New Brunswick which fell to 227.4 from 229.1. Other provincial indices with May figures in brackets were as follows:

Manitoba 285.7 (275.9), Prince Edward Island 217.0 (207.9), Ontario 320.0 (311.0), Nova Scotia 228.1 (227.2), Quebec 310.2 (302.1), Saskatchewan 213.6 (236.1), Alberta 290.6 (281.9), British Columbia 271.1 (270.9).

Neighbors Seek to Send Victoria Boy to Chicago

A 14-year-old Victoria youngster will go to Mayo Clinic, Chicago, if his neighbors' efforts are successful.

The neighbors are a five-member team seeking to send Stewart H. Evans, 2005 Rommens, to the clinic for treatment of a rare disease.

Honored

Stewart H. Evans, 2005 Rommens, received Order of the British Empire pins and insignia at Government House yesterday. A former vice-consul at Galveston, Texas, Mr. Evans was honored for the King's Birthday honors.

$119 into $3,500 cash before the year's end.

He said is Harold Kirkham, 837 Vane Street.

The neighbor's team has been helping out Harold and his parents since February by contributing toward doctors' and hospitals' bills. Harold was stricken with a partial paralysis following an attack of influenza.

Berry Resists Red Steel, Grower Says

A new breed of hardy strawberry is being developed to stand up to the A. Tebbutt Wilkinson Road.

Grower Climax, the berry's most feature is resistance to "red steel," a disease which has put into strawberry crops acre

The new breed was developed in England in recent years said Mr. Tebbutt and is proof from the disease which has ticked the present. Red is a severe scarcity of berries which is widely grown on the Island.

Mr. Tebbutt has worked for the Climax strain of berry for three years and hopes to have enough for market sometime next year. He describes the berry as sweeter than the British sovereign and colored a bright red.

Saanich Councillor William Keyser, a berry grower for 30 years, said yesterday that red steel has been noticed among local crops for about seven years but it has not been very prevalent this season owing to the drought.

He said it turns the leaves a reddish color and, weakens the plant.

EARTH DENTISTRY

Each year gas and oil companies in the United States drill 7,000 wells and only one in five is successful.

Uncle Wiggily Story - - -

By Howard Garris

TURTLE CHASE

"Sol see, Capn Wiggily"

Uncle Wiggily and Bosun the old sea dog were bringing Buster and Bunty back to the Amusement Raft from Mud Turtle Island. They were in a boat which could either be sailed or rowed with oars. Just now the boat was being towed by Bosun while Uncle Wiggily sat in the stern of back and steered.

Buster and Bunty with Nurse Jane Fuzzy and Prissilla had gone to Mud Turtle Island on an early morning picnic. They had adventures with a big snapping turtle and three foxes before they were rescued by Uncle Wiggily and Bosun.

"Now it seems as if we might have another adventure daddy," said Buster.

What do you mean? asked Uncle Wiggily.

"I think daddy," the rabbit scout answered, "that we are being chased. Look back of our boat. Don't you see the water of Frog Pond being churned up as a lot of fish were swimming close to the top? Don't you see it, daddy?"

Uncle Wiggily at the tiller of the small boat, looked around. Then he said:

"I don't believe fish would be chasing us, do you, Bosun?"

The old sea dog, who was pulling at the oars with his back to the front of the bow, of the boat could easily look back at the bubbling churning water.

"Those aren't fish that are chasing us, Capn Wiggily," said the old sea dog. "The fish in Frog Pond have always been very friendly. Now if we were in the South Pacific Ocean sharks might chase us. But there are no sharks in Frog Pond."

"I'm glad there are no sharks, aren't you, Prissilla, precious dear?" asked Bunty of the talking d

"Yes, Monsieur Bunty, I am very much pleased. But it is Yes I is."

"Of course we are not the least bit afraid," exclaimed Buster. "This may be serious but not dangerous."

"Must we, Uncle Wiggily?" asked Bunty.

"Well, we don't know," answered the rabbit gentleman. "Whatever it is that is chasing us keeps following us. They are coming closer. Buster

"I see Capn W

"Can you row also, Buster Bosun?"

"No Capn Wiggily, I can't. I am rowing as fast as I can."

"Perhaps I could help Bosun and let Buster steer the boat."

"We only have one pair of oars, Capn Wiggily. And if we took one out and I took the other out we wouldn't go much faster."

"Couldn't you hoist the sail, Bosun?"

"No, Capn Wiggily. The wind isn't right. I just have to keep on rowing as fast as I can. Maybe whatever is chasing us will get tired soon and give up."

"They seem to be coming on faster, Bosun," said Buster.

"Yes, they do," spoke Uncle Wiggily. "The water is boiling and bubbling now as if whatever is chasing it is putting on more speed. What do you think is chasing us, Bosun?"

"Maybe it's Grandpa Whiskers and Footie and Nosie, the beaver boys," said Bunty.

"I hope not," said Bosun. "Beavers don't swim like this. Ha! I see what it is coming after us."

"What is it?" asked Uncle Wiggily.

"It's a lot of big snapping turtles," answered the sea dog. "Last turtle that Buster made bite a lot of sticks as two may called in some of his friends and they are chasing us."

"Can they do any harm to me or to darlin' cums, precious Prissilla," asked Bunty.

"I don't know," Bosun answered. "They might get close enough to bite some pieces out of my oars. Then I couldn't row very fast. But I don't believe the snapping turtles can chase ahead. Now I have an idea, that may save us. Stop the rowing, Buster."

What is Bosun's plan? Learn in next tomorrow if the cup of tomato soup doesn't jump off the pantry shelf and dance with the egg beater.

Sentence Suspended In Theft Case

Norman K. Cross, Cordova Bay, was given a one-year suspended sentence in city police court yesterday when he appeared on a theft charge involving a gold watch valued at more than $25.

George Gregory, defense counsel, called several character witnesses. The watch, property of Constable Kidd, was stolen from a staff rest room.

Asst. Robert MacMillan who had pleaded not guilty to renting a Chevrolet car to a customer possessing no drivers' license, yesterday, traversed the plea and was remanded until today for sentence. He also had pleaded guilty to a charge of failing to have a dimmer installed in a motor car.

The first Technicolor films were in 1926 used only two primary colors.

Fifty Expected To Attend Camp

Aug. 18 to Aug. 31 will be summer camp time for men of the 5th R.I. Horse Artillery at Albert Head.

Almost all men from the militia are expected to attend.

Prize giving parades will be held on the last Saturday night at the Bay Street Armoury at 8 p.m. Qualified cadet shoots will be held to win prize shortages in

During the camp no officers

Training, Detroit, or NCO's course will be conducted by Capt. G. Wilmot and a gunnery course will be conducted by Major W. F. Cleland.

Those at the camp will be provided with officer cadet training.

Those interested in joining the unit for a trial period as well as those to attend the camp regardless, spokesmen say.

Immigration Up Sharply

OTTAWA Aug. 14 (CP)—Canada's immigration movement showed a sharp increase in the first six months of this year to a six-year high in the tide of new arrivals.

The citizenship department reported today that the number up to June 30 was 79,785, more than double the total of 37,266 arriving in the corresponding period of last year and nearly 20,000 more than the 71912 who came to this country in the whole of 1950.

Two Boys Return From Forestry Camp

ALBERNI Aug. 14—Two boys from Great Central Lake have returned from the junior forest warden training camp in West Vancouver where they received an eight-day course in conservation.

The boys successful in passing their tests and winning their badges are Bernard Hamilton and Bill Lairdfire.

Culbertson on Bridge

Copyright 1951 by Ely Culbertson.

The average player seeing that he has an excellent play for his contract is not apt to look more closely into the situation. This is too bad because the fast is that the said excellent play can often be turned into a sure thing. For example:

South, dealer. Both sides vulnerable.

NORTH
♠ A Q 4 3
♥ K 10 5
♦ 1
♣ K 9 8 6 4

WEST
♠ J 9 8
♥ Q 8 7 6
♦ K Q 10 9 2
♣ 5

EAST
♠ K 10 7 5
♥ A J 9 4
♦ 9 6 5 3
♣ 7

SOUTH
♠ 6 2
♥ 3 2
♦ A 7 4
♣ A Q J 10 3 2

The bidding:

South	West	North	East
1 C	Pass	1 S	Pass
2 C	Pass	5 C	Pass
Pass	Pass		

West made his natural lead the diamond king, and South took the trick with the ace. South was quite pleased with the contract. Success was assured if either the spade king or the heart ace lay right. He was in for a disappointment, however. After drawing trumps he tried the spade finesse. East won and returned a spade, and when South subsequently led hearts East smothered the king.

The odds are 3 to 1 that with two key cards missing at least one of them will be right, and by that token South had reason to be confident. At the same time, however, he could have been sure of victory by playing as follows:

At the second trick, and before touching trumps, South should ruff a diamond with a high trump in dummy. He should then lead the club four to his own hand and ruff his last diamond high, then lead the club six to the closed hand and return a heart toward dummy. With West passing a low heart, declarer should put in dummy's nine and regardless of how the cards the East is fixed. No matter which defender has the heart ace, a heart return by East must establish the king, a spade return by East goes up to dummy's ace and a diamond return gives declarer a ruff and discard.

It will be found that no matter how the heart honors are shuffled around, this line of play is "guaranteed." Even if West has the Q J of hearts and puts in the jack forcing dummy's king after East takes his ace he must either establish the heart ten or lead a spade up to dummy.

Great News! FOR ADVERTISERS

Marigold Residents May Take Smell Complaints to Council

A group of irate Marigold residents, incensed over the smell from a nearby Burnside Road dairy farm, may appear in a body before Saanich council next Monday.

A spokesman for the group said a letter would probably be sent this week asking for a hearing. Dr. A. N. Beattie, Saanich health inspector was instructed a report. Earlier he advised the group to ask for a hearing before the council.

BOTTLE ATMOSPHERE

"If it were I, those I like to take a bottle of that atmosphere we used to put up with and were glad to get it," he told the council. "I'm not recommending one meeting but one of the people should attend."

Dr. Beattie told yesterday that [illegible] of the farm [illegible] that without proper investigation [illegible] know that it was nothing to do.

Mr. Beattie said a Committee of [illegible] had visited the farm and Mr. R. Rudd had been asked to stay away while that was done.

He expressed appreciation for Mr. Rudd's endeavors in having his cattle moved to the west [illegible] the department at the [illegible] a herd of cattle on a dairy farm [illegible] weeks.

Mr. Rudd was referred to [illegible] his claim [illegible] the smell would cease [illegible] Dominion Experimental Farm moved [illegible] the smell would cease at the [illegible] a year, because [illegible]

The health officer was referring to Frederick Rudd, dairy farmer, against whom the complaints have been made for the presence of [illegible] manure and other [illegible] property.

Those who made the complaints were [illegible] Mrs. [illegible] Mrs. [illegible] Mrs.
